RE: FCC ID: PQMTRM  
Attention: Val Liepa

I have a few comments on this Application.

- 1 The intentional radiator plots say that they are "Far Field Radiated Emissions 30MHz to 1GHz". However, the data is from 10kHz to 30 MHz. Please correct the title of the plots to reflect the frequency range of the emissions tested.
- 2 The plots also state 15B intentional radiator. Please correc to state 15C intentional radiator.
- 3
