Subject	: Request for Adding FCC ID
Original FCC ID	: PQRDS540-MPCI4W
New FCC ID	: PQRDS540-MPCI4WAP
Original grant date	: December 15, 2004
Applicant	: Contec Co., Ltd.

To Whom It May Concern:

This is a request letter for issuance of FCC grant for the already granted Wireless LAN Mini PCI Card User Unit under different FCC ID.

From July 20, 2007, all 5250-5350MHz device under FCC Part 15 Subpart E, have to bear DFS function. So we have planned to take following action;

1. Obtain different FCC ID for the Wireless LAN Mini PCI Card.
2. Apply for class II permissive change for deletion of 5250-5320MHz band as master device.
3. FCC ID: PQRDS540-MPCI4W will remain as a client device with adding DFS function.

From the above reason, please issue FCC grant for new FCC ID: PQRDS540-MPCI4WAP.

Thank you for your attention to this matter.

Sincerely yours,
