Newberry, FL 32669FCC ID: PR6BFI  
IC: 12755A-BFI  
Model Number: Deva IFB

To Whom It May Concern:

This transmitter is contained within Audio/Mixer products. It is a plug in circuit board that adds transmitter functionality to products that would otherwise have none. This PCB can never be used in any product that is body worn and is not sold to any third party that is out of our control. Typical use is on a sound cart on a television or motion picture production. SAR testing is not required for this application.

Regards,

Glenn Sanders  
President Zaxcom Inc.
