

Wireless Gaming Mouse

Model: 100025011

PRODUCT GUIDE

Federal Communication Commission
Interference Statement

The equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference with licensed radio frequency services. This equipment may not cause harmful interference, however, you may notice interference when using the equipment in certain areas. If you do experience any interference, you are encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to a different circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including that from other licensed operations.

FCC Caution: An item that is not expressly approved by the FCC may not be operated if it causes harmful interference to other FCC-approved equipment.
