Pursuant to 47 CFR Part 0, section 0.459, we herewith submit a request for non-disclosure of the following exhibits, related to this application for FCC ID : PROEddy-WiFi

The contents of the exhibits as listed below under 1-4 may not be disclosed to any other party than company name and must be temporary with held from public inspection under 5 U.S.C552 (b)(4) and must be temporary kept confidential.

1. External photographs
2. Inter photographs
3. User manual
4. Test-setup photographs

The short-term confidentiality is scheduled to terminate on 12. 01. 2010.

The reason for this request for short-term confidentiality is that the information contained in the exhibits as listed above has been classified as being temporary company confidential (with reference to 47 CFR Part 0, section 0.457(d)). Disclosure of any portion of this information to other parties prior to the date of the actual marketing of the device would cause substantial competitive harm.

I, as the applicant, understand and have taken notice of the following.

- (a) The maximum period for short-term confidentiality is 180 days, counting from the date of issue of the Grant
- (b) The applicant shall inform the TCB about the date on which the device will be actually marketed. Such a notification must be received by the TCB before the date of actual marketing. The short-term confidentiality will then terminate before or on the date of the actual marketing of the device.
- (c) If no request from the applicant is received by the TCB for releasing the short-term confidentiality, it will terminate automatically after 180 days, counting from the date of issue of the Grant

Your sincerely,

Won Kyu Yeon / project manager
