Re: Request for confidentiality per 0.457 of FCC Rules

Applicant: Aperto Networks
Product: 3.65 GHz WiMAX Base Station
FCC ID: PS6PM365-BS

Hello,

On behalf of my client Aperto Networks, I request the following documents associated with this application for certification be withheld indefinitely from public view:

Schematics
Block diagrams
Operational description
Parts List/Bill of Materials

Aperto Networks has expended considerable time and funds in developing the referenced product, and disclosure of these documents to competitors would afford them an unfair advantage in developing similar competing products.

If you have questions or need further information please don't hesitate to contact me.

Sincerely,

T.N. Cokenias
Agent for Aperto Networks
