In re: Philips Consumer Communications Class II permissive change request for FCC
ID:PT5RC9200

Gentlemen:

Philips is hereby submitting this Class II permissive change request to comply with requirements for changes made to the output stage of the subject equipment. This equipment was modified to correct customer complaints regarding short range operation. Philips certifies the device continues to meet the requirements for certification. The submitted test report shows the device continues to comply with the requirements of Part 15.

Sincerely yours,

(signed)
