Re: **Change of Identification Authorization**

To Whom It May Concern:

This letter grants authorization for Wistron Corporation to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules. This authorization applies to Broadcom Corporation's product, 802.11g /draft 802.11n WLAN PCI-E Minicard, FCC ID: QDS-BRCM1050, granted on 10/01/2009. The equipment is electrically identical the only change being the labels on the device. The original test results continue to be representative of and applicable to the changed equipment.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Lawless".

Daniel Lawless
