## Radiated Test Setup:

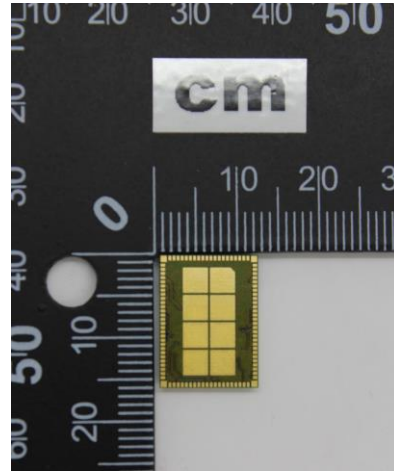

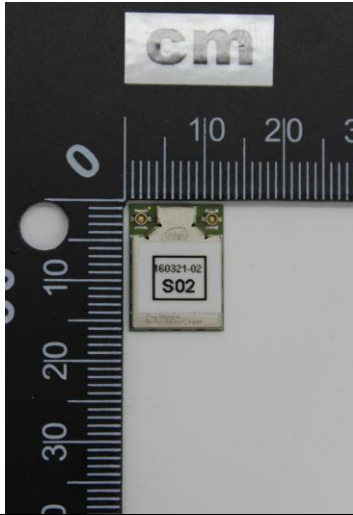

**Conducted Test Setup:**

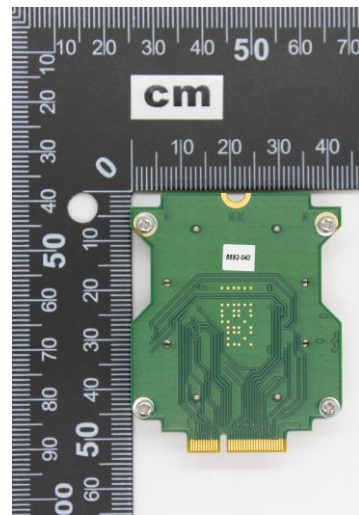

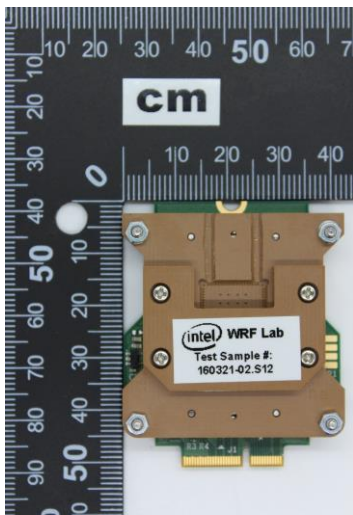

**Test Sample:**

**Sample #01**

**WIFI Module**

**Socket**

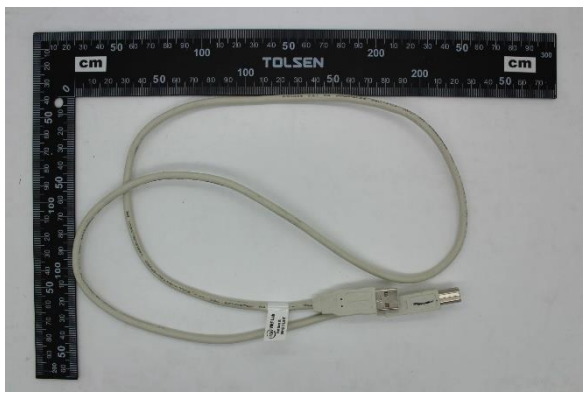

**Extender board**

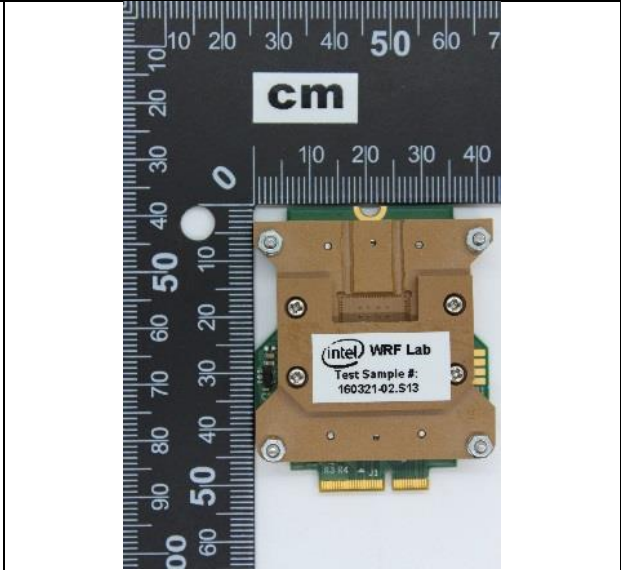

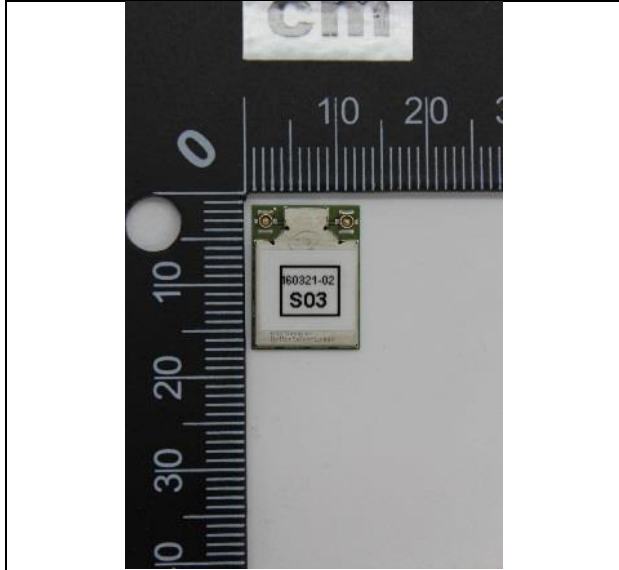

**Laptop**

PCI cable	AC/DC adapter
	
USB cable	Laptop power supply
	

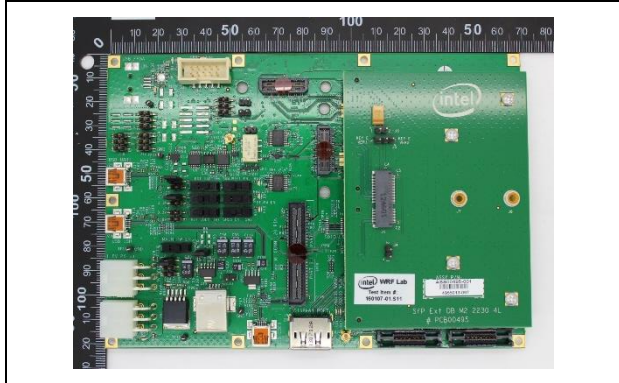

**Sample #02**

**WIFI Module**

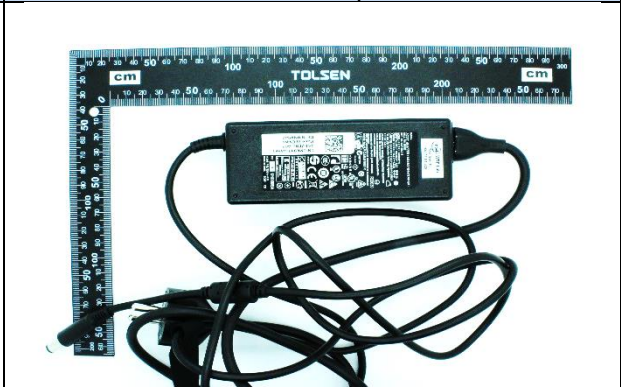

**Extender board**

**Laptop**

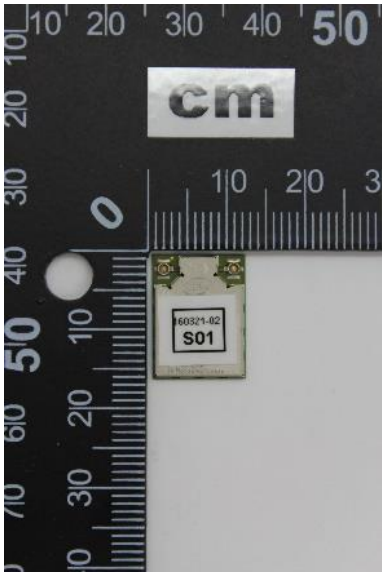

**PCI cable**

**AC/DC adapter**

**Sample #03**

<p style="text-align: center;">WIFI Module</p>  <p>A small rectangular WIFI module with a gold-plated edge connector. A white label on the module reads "160321-02 S01". It is placed next to a black ruler with white markings for centimeters and millimeters.</p>	<p style="text-align: center;">Socket</p>  <p>A brown plastic socket with a gold-plated edge connector. A white label on the socket reads "intel WRF Lab Test Sample #: 160321-02.511". It is placed next to a black ruler with white markings for centimeters and millimeters.</p>
<p style="text-align: center;">Extender board</p>  <p>A green printed circuit board (PCB) with various electronic components, including a large black chip and several capacitors. A white label on the board reads "intel WRF Lab Test Sample #: 160321-02.511". It is placed next to a black ruler with white markings for centimeters and millimeters.</p>	<p style="text-align: center;">Laptop</p>  <p>A black laptop computer with the screen open, displaying a blue background with the Intel logo. The laptop is placed on a white surface.</p>
<p style="text-align: center;">PCI cable</p>  <p>A blue flexible flat cable with a black plastic connector at one end. It is placed next to a black ruler with white markings for centimeters and millimeters.</p>	<p style="text-align: center;">Switching power supply</p>  <p>A black switching power supply unit with a black power cord and a multi-colored connector. A white label on the unit reads "SUNRECO". It is placed next to a black ruler with white markings for centimeters and millimeters.</p>
