RE: FCC ID: PUKIG3110
Certification Application and Confidentiality Request

Dear Nick,

In fulfillment of the requirements to obtain a CERTIFICATION grant of equipment authorization for equipment operating under 47 CFR Part 24, Subpart E--Broadband PCS, Intel Corporation, Internet Communications Group, Mobile Communications Division (Intel ICG / MCD) respectfully submits for your consideration the attached documentation for FCC ID: **PUKIG3110**. Included in this package are the documentation and technical information required by 47 CFR Part 2, Subpart J--Equipment Authorization Procedures, Section 2.1033 *Application for Certification*.

Pursuant to Section 0.459 of the Federal Communications Commission's Rules, Intel Corporation respectfully **requests confidentiality** for the following exhibits and that they are withheld from public inspection at the conclusion of the authorization process:

Exhibit 4	Tune-Up Procedure
Exhibit 5	Block Diagram and Schematic Diagrams

These exhibits contain material considered to be trade secrets of Intel Corporation and, as considerable effort has been expended in the development of this product, it is imperative that our competitors do not receive an unfair advantage in the marketplace at our expense.

Should you require any further or additional information to process this application, please do not hesitate to contact me directly. I can be reached by any of the following means:
