LED+

One Bulb + One Function

GETTING STARTED GUIDE

See inside side for steps

1

Screw in the bulb

2

Turn on the bulb

3

Using your Bluetooth® compatible device, look for the bulb as a discoverable device "GE BR30 Speaker Bulb"

4

Connect the bulb to play music, podcasts, and more

NOTE: GE LED+ Speaker bulbs will sync automatically with other GE LED+ A21 or BR30 bulbs. Link this bulb with other bulbs to create surround sound experience. Bulbs can be controlled individually by using the remote within close range of a specific bulb. Or, control all synced bulbs by using the remote within close range of the parent bulb.

To link additional bulbs, turn on added bulb and it will automatically sync with the parent bulb, or the first bulb that was set up in the system. Subsequent bulbs should be within 25 ft of the parent bulb.

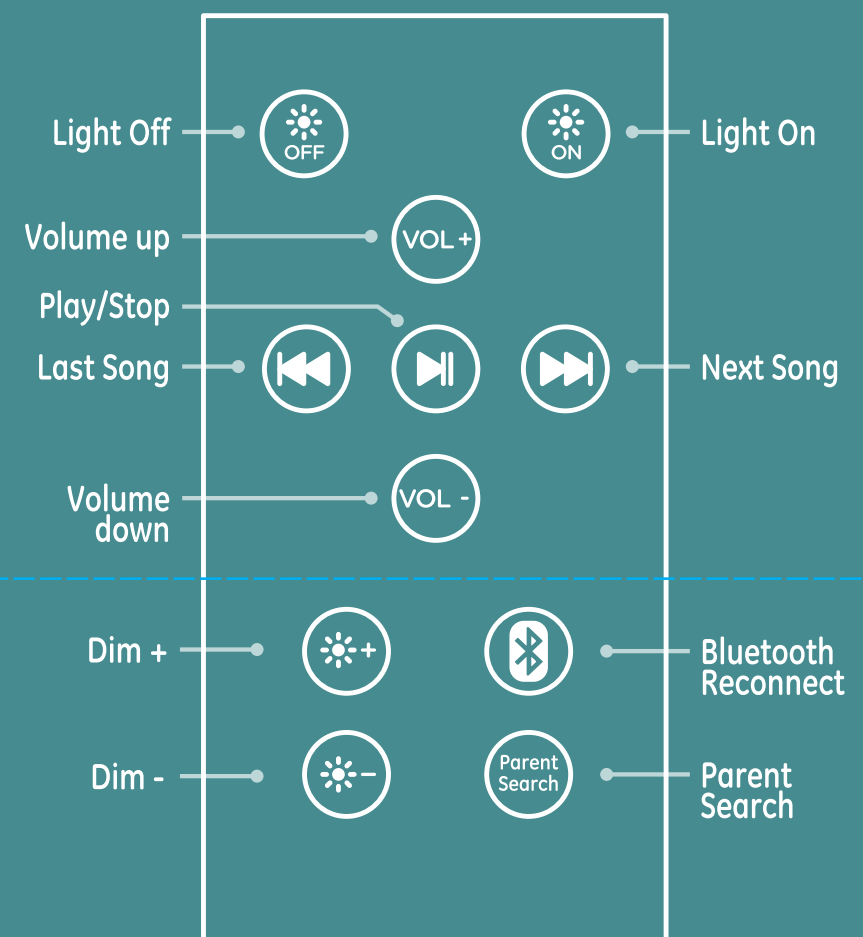

Bulbs can be controlled individually by using the remote within close range of a specific bulb. Or, control all synced bulbs by using the remote within close range of the parent bulb.

NOTE: If a wall dimmer switch is used, the volume may be reduced below 20% dimming levels.

FCC requirements:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

⚠ WARNING

Chemical Burn Hazard- Do not ingest or swallow coin cell battery. This remote control contains a coin cell battery. If the coin cell battery is swallowed or ingested, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used coin cell batteries away from children. If the battery compartment does not close securely, stop using the remote control and keep away from children. If you think coin cell batteries have been swallowed or placed inside any part of the body, seek immediate medical attention.
