NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: reorient or relocate the receiving antenna, increase the separation between the equipment and receiver, connect the equipment into an outlet on a circuit different from that to which the receiver is connected, or consult the dealer or an experienced radio/TV technician for help.

Limited Warranty: Guaranteed to last 3 years based on rated life at 3 hours use per day at 120V. If this bulb does not last for 3 years (based on 3 hours per day / 7 days per week) return bulb, proof of purchase and your name and address to GE Lighting, a Savant company, Product Services Dept., 1975 Noble Road, Cleveland OH 44112 for a replacement. BULB REPLACEMENT IS SAVANT TECHNOLOGIES LLC'S SOLE WARRANTY OBLIGATION AND INCIDENTAL AND CONSEQUENTIAL DAMAGES ARE EXCLUDED. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from location to location.

CAUTION
Risk Of Electric Shock - Suitable for wet locations. Not for use in totally enclosed luminaires. Not for use with dimmers

Not evaluated for use with emergency exit fixtures or emergency exit lights. Not intended for use with electronic timers, photocells or dimmers. When installing outdoors, ensure the socket used is suitably listed for use in wet locations and the socket gasket provided by the manufacturer is correctly attached. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

Minimum starting temperature -20 °C.

WARNING
Chemical Burn Hazard - Do not ingest or swallow coin cell battery. This remote control contains a coin cell battery. If the coin cell battery is swallowed or ingested, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used coin cell batteries away from children. If the battery compartment does not close securely, stop using the remote control and keep away from children. If you think coin cell batteries have been swallowed or placed inside any part of the body, seek immediate medical attention.

Garantie limitée : Durée garantie de 3 ans, basée sur une utilisation domestique de 3 heures par jour à 120 V. Si cette ampoule ne dure pas 3 ans (à raison de 3 heures d'utilisation par jour/7 jours par semaine), retournez le code à barres et le coupon de caisse accompagnés de vos nom et adresse à : GE Lighting, a Savant company, Product Service Dept., 1975 Noble Road, Cleveland, OH 44112, USA pour un remplacement. CE REMPLACEMENT EST LA SEULE OBLIGATION DE SAVANT TECHNOLOGIES LLC'S EN VERTU DE LA GARANTIE. ET LES DOMMAGES ACCES-NOIRES ET CONSÉQUENTS SONT EXCLUS. Certains États ou provinces interdisent d'ouvrir ou de limiter les dommages consécutifs ou accessoires ; par conséquent, l'exclusion décrite ci-dessus pourrait ne pas s'appliquer dans votre cas. Cette garantie vous confère certains droits en vertu de la loi, et vous pouvez avoir également d'autres droits suivant votre lieu de résidence.

NOTE: Ce dispositif a été testé et déclaré conforme aux limites applicables à un appareil numérique de classe B, en vertu de la Partie 15 des règles de la FCC. Ces limites sont conçues pour fournir une protection raisonnable contre le brouillage préjudiciable dans une installation résidentielle. Ce dispositif génère, fait usage et peut émettre de l'énergie en radiofréquence et, s'il n'est pas installé et utilisé conformément aux directives fournies, peut être la source de brouillage préjudiciable pour les communications radio. Toutefois, il n'y a pas de garantie d'effet qu'il n'y aura pas d'interférences dans une installation donnée. Si le dispositif occasionne un brouillage préjudiciable à la réception radiophonique ou télévisuelle, ce qui peut être déterminé en fermant puis en ouvrant, l'utilisateur est invité à tenter d'éliminer l'interférence au moyen de l'une ou de plusieurs des mesures suivantes : réorienter ou déplacer l'antenne réceptrice, accroître la distance entre le dispositif et le récepteur, brancher le dispositif dans une prise appartenant à un circuit différent de celui auquel le récepteur est connecté ou consulter le marchand ou un technicien expérimenté en radio/TV pour obtenir de l'aide.

MISE EN GARDE

Risque de décharge électrique - Produit homologué pour les endroits humides. Ne pas utiliser avec des luminaires entièrement fermés. Ne pas utiliser avec les gradateurs.

N'est pas évalué pour l'utilisation avec des luminaires ni des lampes de secours. N'est pas conçu pour les minuteries électroniques, les photocellules ou les gradateurs. En cas d'installation à l'extérieur, s'assurer que la douille utilisée figure sur la liste des douilles à utiliser dans des endroits humides et que le joint de la douille fourni par le fabricant est bien fixé. Ce dispositif est conforme à la Partie 15 des règles de la FCC. Son utilisation est autorisée aux deux conditions suivantes : 1) le dispositif ne doit pas produire de brouillage préjudiciable et 2) ce dispositif doit être en mesure de subir tout brouillage reçu, y compris un brouillage susceptible de lui causer un fonctionnement indésirable. Tout changement ou toute modification n'ayant pas été expressément approuvé par le fabricant pourrait annuler l'autorisation accordée à l'utilisateur de faire fonctionner l'équipement.

Minimum starting temperature -20 °C.

AVERTISSEMENT

Risque de brûlure chimique - Ne pas ingérer ou avaler la pile bouton. Cette télécommande comporte une pile bouton. Si la pile bouton est avalée ou ingérée, elle peut causer des brûlures internes graves en seulement 2 heures et peut entraîner la mort. Garder les piles boutons neuves et usagées hors de la portée des enfants. Si le compartiment de la pile ne se ferme pas solidement, cesser d'utiliser la télécommande; la conserver hors de la portée des enfants. S'il y a un risque qu'une pile bouton ait été avalée ou introduite dans une partie quelconque du corps, consulter immédiatement un médecin.

GE est une marque de commerce de General Electric Company. Utilisé sous licence de marque de commerce. * Basé sur 3 heures d'utilisation par jour. Économies sur les frais d'électricité basés sur l'utilisation de l'ampoule pendant sa durée nominale de 25 000 h à un tarif de 11 ¢ le kilowattheure, comparativement à 10 ampoules à incandescence de 90 watts (durée nominale de 2 500 h).
