Columbia, MD 21046

Subject: FCC Class II Permissive Change on FCC ID: PV7-WIBEAR11N-SF1

Dear Examiner,

We hereby request a Class II Permissive Change of the originally granted FCC ID: PV7-WIBEAR11N-SF1, originally granted on 02/15/2013.

The major change filed under application is:

Change 1: Additional exhibit on antenna trace design specification as requested by KDB 996369 D02 Module Q and A v01, Question 11, for modular transmitters that do not include an internal antenna or antenna connector.

Change description and justification: The original certification application did not include this exhibit. Based on a request from another TCB during "change in ID" procedure we kindly ask to upload this additional information to the original grant.

Sincerely,

u-blox AG

Marco Barchitta, Specialist Certification Engineer
