Request for Confidentiality**

Gentlemen:

In accordance with 0.459 of CFR 47, lesswire AG hereby requests confidentiality of the BS2_CircDia and BS2_PartsLst attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product which lesswire AG considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, lesswire AG considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in this market.
