RE: CONFIDENTIALITY REQUEST FOR

FCC ID PVH090802

Model name: OWSPA311g

To Whom It May Concern:

This letter serves as an official request for confidentiality under the FCC Rule Section 0.457 and 0.459.

We have requested that the block diagram, schematic diagram and E&M datasheet required to be submitted with this application to be withheld from public review.

The reason for this request is that these documents are company proprietary information that should never get into the possession of competitors, which would be harmful for our business. The E&M datasheet is a highly technical integration manual addressed to the module integrator and not to the end-user.

Please contact me if there is any information you may need.
