**Importance:** High

Hi Jessina,  
Here's the explanation regarding the tuning procedure:

WILSON ELECTRONICS, INC.

FCC ID: PWO1240SA

TUNING PROCEDURE –

No tuning procedure is available or required for this device. There is no tuning required.

The above explanation is the same for all of our amplifiers and is the same as submitted in the past (except for different FCC ID).

I've also attached the additional photos that you requested.

I believe that you've received everything now.

Best regards,

*Riki Kline*

*Senior Electrical Engineer*
