

Letter for the Permissive Change

August 16 2010

Dear Sir/Madam,

This letter is providing the additional information for the Permissive Change application. The model (84712, 84713, 83196, 83197 and 84045) is based on the previously original certified model (84712, 84713, 83196, 83197 and 84045); the following component had been changed.

27MHz and 49MHz Transmitter:

1. The capacitor C5 had been removed.
2. Components R10, R11, R2 had been changed into surface mount type components.
3. The PCB layout had been redesigned.

49MHz Receiver:

1. Components R37, Q11, Q16, Q10, Q5, R28, C16, R16, R11 and R12 had been changed into surface mount type components.
2. The PCB layout had been redesigned.

All design including electronic, electrical and construction remain the same except the above mentioned. The above specified change is not intended for maximum power.

Best regards,

Kenneth Wang
