

Comba Telecom Ltd.___ is requesting that the exhibit of “internal photo” under file name of PX8RD-2020 Internal phtooos.pdf of FCC ID: PX8RD-2020 be granted permanent confidentiality pursuant to 47 CFR 0.457(d) of the FCC Rules.

The aforementioned internal photo contains trade secret (The particular and special design of internal layout of the duplexer is easy to duplicate by visual and photo exposed to public might jeopardize the intellectual property safety of Comba) that should be withheld from public inspection.

The device is a non-consumer device and is inaccessible to the general public because it is mounted in external and internal sealed enclosures. The external enclosure is open with Comba-made screwdriver, and internal enclosure is secured by over 100 screws, which is only serviceable by the licensee or designated technicians authorized by the grantee.
