

Comba Telecom Limited

American Certification Body, Inc. 6731 Whittier Avenue Suite C110 McLean, VA 22101

Date: 2012-04-18

REF: **Class II permissive change**, pursuant to **§2.1043**, for FCC ID: **OBW120897**

Dear Sir or Madam:

Pursuant to §2.1043, **Comba Telecom Limited** hereby submit a request for Class II permissive change to our **AWS Base Station Power Amplifier**, FCC ID: **PX8TC-2000**.

Description of the changes:

1. Test report:
Add new modulation type " 1x EV-DO; LTE" in report, also delete unused test data for uplink and Uplink Distribution;
2. Internal photos
Install LAN Port which has reserved previous in front panel (There is no increase in any circuit module in it, also this circuit module has been kept the same with before)
