

In

Dear Tim,

I had just uploaded some revised documents to your website, includes revised manual, operational principle, RF exposure and PCMCIA Card information, please take a look.

And about Comment No. 7, we don't provide any controls or software to allow operation outside the USA frequency band when we sell this product in USA. Moreover, for this model different are only in housing color witch designed for marketing purpose.

Thank you very much.

Best Regards,
Ivy
