Dear CCS TW,

Review of this application is complete. Only one item related to the user manual needs to be addressed. Please see below. If you have questions, please email.

Q1: The maximum SAR (0.578 W/kg) value in the user manual is not the maximum SAR value reported for the measurements. If the maximum SAR value will be included in the user manual, then the correct value (1.300 W/kg) must be stated. Please provide a revised manual. Please also check Appendix I and II of related IC application AN07I2032 and revise if necessary.

Best regards,

Tim Dwyer
CCS TCB Technical Reviewer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Dear Tim,

Pls find the attached user manual & Appendix I and II application for your reference.

Thank you

Rgds,
Gloria
