www.wisair.com

Date: 12 July 2011

Subject: Request for multiple listing.

To Whom It May Concern:

Wisair would like to file the product PTVu1000 to FCC.

PTVu1000 is a product using Wisair module 601SD-D Rev. B

Approved by FCC RN2601SD-D.

No changes made on this module.

This product is using a modified ID design for the plastic enclosure and will be marketed by Netgear. There are no electrical changes between the current products and the PTVu1000.

A handwritten signature in blue ink, appearing to read "dmshulam".
