**Declaration letter**

Date: 2013-07-16

FCC ID: PY311400179

To Whom It May Concern:

We, Netgear Inc., declare that as part of the DFS functionality in the WLAN driver, software is implemented to react to radar detection messages and move to a new channel. The control of this functionality is not accessible to anyone under any conditions. Furthermore, the firmware is only can be modify by using a special tool (console cable) which will not be released and won't supply any console pin with the finish product.

Thank you for your attention.

Sincerely yours,

-----
