

# NETGEAR®

---

Jan 24<sup>th</sup>, 2018

To Whom It May Concern:

The NETGEAR MR1100-330 mobile hotspot is a variant of the MR1100 platform. For marketing purposes, the device will be identified in the North America region as the MR1100.

NETGEAR declares that any reference to the MR1100-330 within industry or regulatory compliance test reports accurately reflects the Model: MR1100.

Please do not hesitate to contact your local NETGEAR SPBU Systems Engineering representative for any additional information.

Respectfully,

A handwritten signature in black ink that reads "David Kay". The signature is written in a cursive, slightly slanted style.

**David Kay**
