What's in the Box

- Nighthawk® 5G Mobile Hotspot Pro with pre-installed SIM card
- Battery cover
- Battery
- USB Type-C cable
- AC adapter
- Quick start guide
- Warranty card

Get to Know Your Mobile Hotspot

Install the Battery

- 1 Insert the battery.

- 2 Install the back cover.

The battery is partially charged. To fully charge it, connect the USB cable to the mobile hotspot and then plug into either:

- A wall socket, using the wall charger (faster charge option)
- The USB port on your laptop

Note: The mobile hotspot comes with a preinstalled SIM card. The SIM must be activated to a data plan with AT&T.

Set Up Your Mobile Hotspot

- 1 Press and hold the **Power** button for 2 seconds.

To better safeguard your network, the first time you turn on your mobile hotspot, you are asked to set up your login credentials.

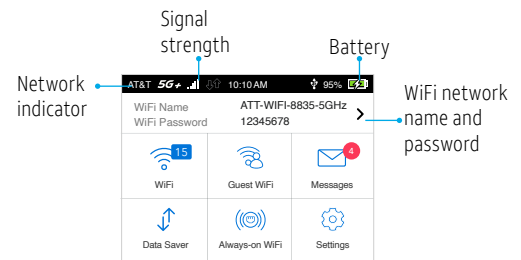

- 2 Follow the onscreen instructions to customize your mobile hotspot settings.

Home Screen

The Home screen displays the mobile hotspot's WiFi network name and password. The network indicator lets you know which AT&T wireless network you are connected to.

Connect to the Internet

Note: The mobile hotspot Home screen displays the WiFi network name and password. The screen goes dark to save power. Press and release the **Power** button to wake the screen.

On your laptop or other WiFi device

- 1 Open your WiFi network connection manager.
- 2 Find your mobile hotspot's WiFi network name (ATT-WIFI-XXXX) and connect.
- 3 Enter your mobile hotspot's WiFi password.
- 4 Launch your Internet browser.

Change the WiFi band

- 1 On the Home screen, tap the **WiFi** icon.
- 2 Tap **Band**.
- 3 Select the 2.4 GHz or 5 GHz WiFi band.

LCD Settings

View or change the settings

On the Home screen, tap the **Settings** icon.

LCD WiFi Manager

You can manage the WiFi network from the LCD screen.

Change the WiFi network name and password

- 1 On the Home screen, tap the **WiFi** icon.

- 2 Tap **Main WiFi**.

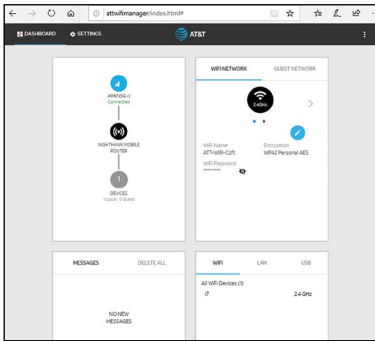

- 3 Enter your changes.

WiFi Manager

You can use a browser to view the device information and messages, and to change the mobile hotspot settings.

Log In

- 1 On the WiFi device that is connected to your mobile hotspot, type <http://attwifimanager/> or <http://192.168.1.1> in the browser bar.
- 3 Log in using your admin password. The default login is **attadmin**.

For More Information
