Authorization and Evaluation Division

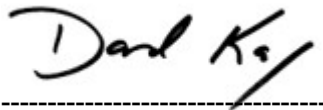

Declaration Letter for Indoor Access Points

We, **Netgear Incorporated**, attest that this device under FCC ID: **PY324100618** complies with the device protocol requirements and operational restrictions for Indoor Access Point Devices.

- a) This indoor access point can act as a master as defined in Section 15.202, allowing it to transmit without receiving an enabling signal. This mode can select a channel and initiate a network by sending enabling signals to client devices and subordinate devices.
- b) This Indoor Access Point operates in the 5.850-5.895 GHz band. It is supplied power from a wired connection, has an integrated antenna, is not battery-powered, and does not have a weatherized enclosure.
- c) We acknowledge this device is subject to and in full compliance with the device restrictions listed below:
 - This device is for indoor use only. Indoor Access Points operating in the U-NII-4 band and U-NII -3 & -4 span channels shall be supplied power from a wired permanent indoor local power connection, use an integrated antenna, is not battery powered, and does not use a weatherized enclosure.
 - This device bears the following statement in a conspicuous location on the device and the user's manual: "*FCC regulations restrict the operation of this device to indoor use only.*"

If you should have any questions regarding this declaration, please do not hesitate to contact us, thank you!

Sincerely yours,

David Kay, Regulatory Compliance Director
