To Whom It May Concern:

Above application is composite device under DTS and UNII product category.
When I submitted the original application under above confirmation number, I did not mark this
UNII application as composite device. Could you please help me to change the Form 731 as
composite device so I can upload another application under DTS category?

If you have any question, please contact me at 408-463-0885x123

Thank you very much.
