- Check Tray orientation.

5

---

Press SD Card Tray in straight

 SIM Card is inserted.

- Check Tray orientation.
- Press firmly where circled , and make sure there is no gap between handset and SIM Card/SD Card Slot Cover.

### Handling SIM Card

For SIM Card handling, see following items.

#### ① IC chip

For SIM Card handling, see Ymobile Website.

<https://www.ymobile.jp/support/product/usim/>

- Always keep the IC chip clean.
- Wipe clean with a dry, soft cloth.
- Avoid applying labels. May damage SIM Card.

## SIM Card Cautions

Observe the following when using SIM Card.

- Customer is responsible for any damage caused by inserting SIM Card in an other-brand IC card reader, etc. Ymobile Corp. is not responsible in such case.
- SIM Card is the property of Ymobile Corp.
- SIM is replaceable (at cost) in case of loss/damage.
- Return SIM Card to Ymobile Corp. when cancelling subscription.
- Returned SIM Cards are recycled for environmental purposes.
- Note that SIM Card specifications and performance may change without notice.
- It is recommended that you keep a separate copy of information that is stored on SIM Card. Ymobile Corp. is not responsible for damages from stored information that is lost.
- Always follow emergency procedures to suspend service if your SIM Card or handset (SIM Card inserted) is lost/stolen. For details, contact [Customer Service](#).

## Powering On

1

---

Long Press Power Key until handset vibrates once
