

11. SETUP PHOTOS

RADIATED AND LINE CONDUCTED EMISSIONS MEASUREMENT SETUP	
A photograph showing a white cylindrical device on a white foam surface inside an anechoic chamber. A circular antenna is positioned around the device, and a blue control unit is in the foreground. A label with the number 12132671 is on the device.	A photograph showing the back of the white cylindrical device on the foam surface. A red antenna is visible in the background. A label with the number 12132671 is on the device.
A close-up photograph of the front of the white cylindrical device. A red antenna is connected to the top. A label with the number 12132671 is on the device.	A close-up photograph of the back of the white cylindrical device. A red antenna is connected to the top. A label with the number 12132671 is on the device.
A photograph of a yellow table with a white label containing the number 12132671. A blue antenna is connected to the table.	A photograph of the back of the yellow table. A white label with the number 12132671 is on the table. A blue antenna is connected to the table. In the background, there is a piece of electronic equipment.
