Basic Manual

 Online Manual (Japanese)

Check "Online Manual" (Japanese) which describes detail explanations on various functions on the product from this procedure.

In the Home screen, slide the screen up → [お客さまサポート (Customer support)] → [取扱説明書 (Online Manual)] (Japanese)

Also, you can check "Online Manual" (Japanese) on the au homepage.
<https://www.au.com/online-manual/sog02/>(Japanese)

Descriptions in this manual are based on Android™ 10. For the latest edition, refer to the "Online Manual" (Japanese) or "取扱説明書(詳細版) (Full instruction manual)" (Japanese) available on au homepage.
<https://www.au.com/support/service/mobile/guide/manual/> (Japanese)

- *3 The antenna is built into the main unit. Covering around the antenna by your hand may affect the quality of call/communication.
- *4 For details on handling au IC card (SIM card), refer to the "Online Manual" (Japanese) or "取扱説明書(詳細版) (Full instruction manual)" (Japanese) available on au homepage.
- *5 The back cover is not removable. Removing forcibly might cause damage or a malfunction. Also, battery is built into the main unit and not removable by customers.

FCC ID

To view the regulatory compliance mark

- In the Home screen, slide the screen up → [Settings] → [About phone] → [Certificates]

Regulatory compliance mark such as FCC ID is displayed on the screen.

au IC card (SIM card)

Your phone number etc. is recorded in au IC card (SIM card).

The product is compatible with au Nano IC Card 04.

- 1 Remove the tray from the main unit**
Put your fingertip (nail) into the groove of the microSD memory card/au IC card (SIM card) slot and draw the cover straight out.
- 2 Remove the microSD memory card from the tray**
- 3 Keep the product horizontal and then push the tray in straight**
Pay attention to the direction the tray is being pushed in.
Firmly press where circled ○, and check that there is no gap between the main unit and the microSD memory card/au IC card (SIM card) slot cover (▶P.14).

Charging

When you purchase your product, the internal battery is not fully charged. Charge the battery before use.

❖Information

- When charging starts, the Notification LED of the product lights according to the battery level. To check the battery level, see the status bar in the top of the screen, or in the Home screen, slide the screen up → [Settings] → [Battery].
- If you start charging with the product turned off, a screen launches indicating the charging status but operations are not available. Thus, do not charge the product in a place where the use is prohibited.
- The charging time may take longer when charging with a PC or while using the camera function.

■ Charging with the AC Adapter

Charging with connecting TypeC Common AC Adapter 02 (sold separately) is explained.

- 1 Insert the power plug of TypeC Common AC Adapter 02 (sold separately) into an outlet**

- 2 Insert the USB Type-C plug of TypeC Common AC Adapter 02 (sold separately) into the USB Type-C connection terminal of the product straight**
When charging is started with the product powered on, the start sound for charging sounds and the Notification LED of the product lights.

- 3 When charging is complete, remove the USB Type-C plug of TypeC Common AC Adapter 02 (sold separately) from the product**
- 4 Remove the power plug of TypeC Common AC Adapter 02 (sold separately) from the outlet**

Turning the power on/off

■ Turning the power on

- 1 Press and hold Power key until the product vibrates once**
The lock screen appears.
When "ようこそ (Welcome)" appears after the product is powered on, follow the onscreen instructions to set the initial settings.
For details on the initial settings, see "Initial settings" in this manual.
Swiping (flicking) the screen up displays the Home screen.

■ Turning the power off

- 1 Press and hold Power key (over one sec.)**
 - 2 [Power off]**
- ❖Information
- To restart the product in safe mode (start with almost default state), press and hold Power key (over one sec.) → Long-touch "Power off" → [OK].

■ Forcedly turning the power off

- 1 Press and hold Power key and the upper part of the volume key at the same time for approximately nine seconds, and release your fingers after the product vibrates three times consecutively**

Locking the screen/Unlocking screen lock

■ Locking the screen

Turn off the screen to set sleep mode to prevent the touch panel or key from operating mistakenly or lock the screen.

- 1 While the screen is displayed, press Power key**

■ Unlocking screen lock

The lock screen appears when turning the power on or sleep mode is canceled by pressing Power key.

- 1 On the lock screen, swipe (flick) the screen up**

❖Information

- In the lock screen, swipe (flick) 📵 or 📷 to use Google Assistant or Camera.

Connecting headphones or earphones

To hear sound from commercially available headphones or earphones, connect the headphones or earphones to the Headset connection terminal.

- 1 Insert the plug on the commercially available headphones or earphones to the Headset connection terminal of the product**
