Class II Permissive Change Request Letter FCC ID: PY7- 27433F

To whom it may concern,

This is to request a Class II Permissive Change for FCC ID: PY7- 27433F.

The major change filed under this application is:

- Enable 802.11be mode of 2.4GHz and 5GHz (U-NII-1, 2A, 2C and 3) band through software update

The device, original and updated version, are electrically identical in all aspects except enabling 802.11be mode of 2.4GHz and 5GHz (U-NII-1, 2A, 2C and 3) band through software update.

Only RF reports are being submitted and the SAR assessment could be covered under the original SAR report, since the change does not make any increasing output power or additional operating bandwidth.

The software security remains unchanged from the original application, which has been reviewed in the original application.

If you have any questions, please feel free to contact us.

Yours sincerely,

Atsunobu Tatsumi
