### To activate the screen

- Briefly press the power key .

### Screen protection

- ! Before using your device, remove the transparent protection film by pulling up on the protruding tab.

The use of non Sony-branded screen protection accessories may prevent your device from working properly by covering sensors, lenses, speakers, or microphones and can also invalidate the warranty.

### Warranty, SAR and usage guidelines

For information about warranty, SAR (Specific Absorption Rate) and safety guidelines, please read the **Important information** provided under **Settings** > **About phone** > **Legal information** in your device.

### Support for you

Access our support website directly in your device or visit [support.sonymobile.com](http://support.sonymobile.com) from any supported browser. Support options include User guides, downloads, troubleshooting tips and contact information.

- ! Even if you don't have a network connection, you can access support contact information in your device. Depending on the country or region where you purchased your device, you can find this information directly in the Support application, or by searching your contacts for **Xperia™ Care**.

### To access the Support application

- 1 From your Home screen, tap .
- 2 Find and tap .

- ! For best support available, we recommend connecting to the Internet when using the Support application.

### Transferring contacts and content

If you need help to transfer contacts, messages, photos and other data from an old device to your new device, we recommend that you use the Xperia™ Transfer application. Visit [www.sonymobile.com/xperiatransfer](http://www.sonymobile.com/xperiatransfer) for more information.

### To view the CE mark

- 1 Open the nano SIM/Memory card slot cover.
- 2 Using your fingernail or a similar object, drag out the nano SIM card holder.
- 3 Drag out the label tray in the same way. The CE mark and FCC ID are displayed on the label tray.
