Applies to PY7A1032011**Request of dismissal**

Sony Ericsson Mobile Communications AB will like to redraw our FCC grant for our mobile phone PY7A1032011. The product is not released on the market.

During our production preparation we experienced that the performance of the phone was changed compare to the samples used for certification testing. Due to this we stopped the launch of the production and we will re-certify the new model. We do not wish to make a class 2 permissive change.

Best Regards,
Sony Ericsson Mobile Communications AB
