Application PY7A1041012

Statement on hardware

Sony Ericsson mobile phone T226s (FCC ID PY7A1041012) uses the exact same hardware and software as T226 (FCC ID PY7A1041011) except that the GSM 850 band is turned off in the production (via a SW switch) on T226s. This band lock can only be done in the production and cannot be activated by the end user.

Best regards,

Håkan Sjöberg
