Instruction symbols

The following appear in the User guide:

☼ Note

 A service or function is network- or subscription-dependent. Contact your network operator for details.

➡ See also page...

► Use a selection or navigation key to scroll and select ➡ *12 Navigation*.

⊙ Press the navigation key center.

⊛ Press the navigation key up.

⊛ Press the navigation key down.

⊛ Press the navigation key left.
⊛ Press the navigation key right.

Getting started

Assembly, SIM card, battery, turning on, help, calls

Assembly

Before you start using your phone, you need to insert a new SIM card and the battery.
SIM card and battery

To insert SIM card and battery

1 Turn off the phone. Remove the battery cover by sliding the battery release latch down.
2 Slide the SIM card into its holder with the contacts facing up.
3 Insert the battery with the label side up and the connectors facing each other.
4 Slide the battery cover into place.

Battery

To charge the battery

✧ *Do not connect the charger unless the battery is inserted.*

1 Connect the charger to the phone. Wait approximately 2.5 hours or until the battery icon indicates a full charge before removing the charger.
2 Remove the charger plug by pulling up and out.
   Some functions use more battery power than others and may require more frequent recharging. If talk time or standby time becomes noticeably shorter, replace the battery. Only use approved batteries from Sony Ericsson ➡ *72 Battery*.

Turning on the phone

Charge the phone and insert the SIM card before turning the phone on. Use the setup wizard to prepare for use.

To turn on the phone
1 Press and hold down ①. The first startup may take a few minutes.
2 Select to use the phone in:
• Normal Mode – full functionality.
• Flight Mode – limited functionality with network, FM radio and Bluetooth™ transceivers off ➡ *6 Flight mode*.
3 Enter your SIM card PIN, if requested.
4 At first startup, select the language.
5 Select Yes for the setup wizard to help you.
6 Follow instructions to complete setup.

SIM card

The SIM (Subscriber Identity Module) card, which you get from your network operator, contains information about your subscription. The SIM card keeps track of information such as your phone number and names and numbers in your contacts.

Save contacts on your SIM card before removing it from the phone.

PIN

You may need the PIN (Personal Identity Number) for your SIM card to start phone services. When entering the PIN, each digit appears as *, unless it starts with the digits of an emergency number, like 112 or 911. Press ⓒ to correct mistakes.

If you enter the wrong PIN three times in a row, PIN Blocked *appears. To unblock it, you need to enter your PUK (Personal Unblocking Key)* ➡ *64 SIM card lock.*

Standby

After you turn your phone on and enter your PIN, the name of the network operator appears on the display. This is called standby.

Help in the phone

Help is available in your phone.

To use the setup wizard

• From standby select Menu ► Settings
  ► the General tab ► Setup Wizard and
  select an option.

Download settings

You can set up functions in your
phone that use the Internet, such as
Internet, picture messaging, email,
and Sony Ericsson Update Service.

You can use Settings Download if
your SIM card supports the service,
your phone is connected to a network,
it is started in normal mode and does
not already have settings.

*If settings exist in your phone, you may
not need more settings. If you use
Settings Download, you must agree to
register the phone at Sony Ericsson. No
personal data will be transferred to or
processed by Sony Ericsson. Contact
your network operator or service
provider for more information.*

To view information about functions

• Scroll to a function and select More ►
  Information (if available).

To view the phone demonstration

• From standby select Menu ►
  Entertainment ► Demo Tour.

Flight mode

You can use your phone in:

• Normal Mode for full functionality.
• Flight Mode with limited functionality.
  In Flight Mode, network, radio and
  Bluetooth transceivers are turned off
  to prevent disturbance to sensitive
  equipment. You can, for example, play
  music, but not make calls in an
  airplane.

*Follow onboard regulations and flight
crew instructions for use of electronic
devices.*

To view Flight mode menu options

• From standby select Menu ► Settings
  and scroll to the General tab ► Flight
  Mode and select an option.

IMEI number

Keep a copy of your IMEI (International
Mobile Equipment Identity) number in
case your phone should be stolen.

To view your IMEI number

From standby press *#06#.

Making and receiving calls

The phone must be in normal mode.

To make and receive calls

1 Enter a phone number (with international prefix and area code if applicable).
2 Select Call.

To receive a call
• When the phone rings, open the slider or select Answer.

To end a call

• Select End Call or close the slider.

📋	Task reminder

Shortcuts

You can map shortcuts from the keypad and navigation key to main menus and functions in the phone.

Using keypad shortcuts

Keypad shortcuts take you directly to a menu. Menu numbering starts from the top left icon and moves across and then down row by row. For example:

- Press (5) for the fifth menu item.
- Press $(*a/A)$, $(0+)$ and $(#-)$ for the tenth, eleventh and twelfth items.
- Press and hold down $(\leftarrow)$ to return to standby.

Using navigation key shortcuts

From standby go to a shortcut or function by pressing $(\circ)$, $(\circ)$, $(\circ)$ or $(\circ)$.

To edit a navigation key shortcut
1 From standby select Menu ► Settings ► General tab ► Shortcuts.
2 Scroll to an option and select Edit.
3 Scroll to a menu option and select Shortcut.

Phone language

You can select the language to use in the phone menus or when writing text.

To change the phone language

1 From standby select Menu ► Settings ► General tab ► Language ► Phone Language.
2 Select a language.

☼ *Most SIM cards automatically set the menu language to the country where you bought your SIM card. If not, the predefined language is English.*

Entering letters and characters

Enter characters using:

• Multitap text input
• T9™ Text Input

To change the text input method

• When you enter letters, press and hold down (⁎a/A).

Options when entering letters

• Select More.

To enter letters using multitap input

• Press (2) - (9) repeatedly until the desired character appears.
• Press (⁎a/A) to shift between capital and lower-case letters.
• Press and hold down (0+) - (9) to enter numbers.
• Press (C) to delete letters or numbers.

• Press (1⌂) for the most common punctuation marks.
• Press (#₋ɔ) to add a space.

T9™ Text Input

The T9 Text Input method uses a built-in dictionary.

To use T9™ Text Input

1 From standby select Menu ► Messaging ► Write New ► Text Message.
2 Press each key only once, even if the desired letter is not the first letter on the key. For example, to write the word "Jane", press (5), (2), (6), (3). Enter the full word before looking at the choices.
• Press (⬆) or (⬇) for word choices.
• Press (#₋ɔ) to accept a word and add a space.
• Press (▸) to accept a word without adding a space.
• Press (1⌂) and then (⬆) or (⬇) to enter a punctuation mark.
• Press (C) to delete the last letter entered.

To add words to the T9 Text Input dictionary

1 When entering letters, select More ► Spell Word.
2 Edit the word by using multitap input.

Getting to know the phone 15

3 Select Insert.

Next word prediction
When writing a message, you can use T9 Text Input to predict the next word, if previously used in a sentence.

To turn next word prediction on/off
1 When entering letters, select More ► Writing Options ► Next Word Pred. ► Select.

To use next word prediction
• When entering letters, press (#-») to accept or continue.

Activity menu
The activity menu provides an overview of and access to new events, bookmarks and shortcuts.

To open and close the activity menu
• Press (▱).

Activity menu tabs
• New Events – view missed calls and new messages. New events can also be set to appear as pop-up text instead at Settings ► the General tab ► New Events ► Popup.
• Running Apps – applications that are running in the background.
• My Shortcuts – add, delete and change the order of shortcuts.

• Internet – your Internet bookmarks.

File manager
The File manager contains items such as pictures, music, themes, Web pages, games and applications saved in the phone memory or on the memory card. If the memory is full, delete some content to free space.

The phone and memory card are sometimes sold separately.

Memory Stick Micro™ (M2™)
Add additional memory to your phone with the Memory Stick Micro™ (M2™) memory card. The memory card may be used with other compatible devices.

To insert and remove a memory card
Return the phone to standby before inserting or removing the memory card.

1 Open the memory card cover and insert the memory card with the contacts facing up, as shown.
2 Press the edge to release and remove.

Memory card options
You can check memory status or format a memory card to delete all information.

To view memory card options
1 From standby select Menu ▶ File Manager ▶ the On Memory Stick tab.
2 Select More.

File manager menu tabs
The File manager is divided into three tabs. Icons indicate where the files are saved.

• All Files – all content in the phone memory and on a Memory Stick Micro™ (M2™)
• On Memory Stick – all content on a Memory Stick Micro™ (M2™)
• In Phone – all content in the phone memory

File information
You can view file information by highlighting it and selecting More ▶ Information. Items that are downloaded, or received using one of the available transfer methods, may be copyright-protected. If a file is protected, you may not be able to copy or send that file. A DRM-protected file has a key symbol (⚷).

To move a file to memory
1 From standby select Menu ▶ File Manager.
2 Scroll to a folder and select Open.
3 Scroll to a file and select More ▶ Manage File ▶ Move.
4 Select to transfer the file to Phone or Memory Stick.

To copy a file to memory
1 From standby select Menu ▶ File Manager.
2 Scroll to a folder and select Open.

Getting to know the phone   17

3 Scroll to a file and select More ►
Manage File ► Copy.

4 Select to transfer the file to Phone or
Memory Stick ► Select.

To transfer files to a computer
You can transfer files to your
computer using Bluetooth™ wireless
technology or a USB cable ➡ *52
Connectivity*.

To create a subfolder
1 From standby select Menu ► File
Manager.

2 Scroll to a folder and select More ►
New Folder.

3 Enter a name for the folder.

4 Select OK to save the folder.

To select one or more files
1 From standby select Menu ► File
Manager.

2 Scroll to a folder and select More ►
Mark ► Mark Several.

3 Scroll to select files and select Mark or
Unmark.

*To delete a file or a subfolder from
the File manager*
1 From standby select Menu ► File
Manager.

2 Scroll to a folder and select Open.

3 Scroll to a file and select More ►
Delete.

Calling

Calls, contacts, voice control, call options

Making and receiving calls

You must turn on your phone and be within range of a network. ➧ *6 Help in the phone*.

To make a call

1 From standby enter a phone number.
2 Select Call.

✧ *For international calls, press and hold down ⓪⁺ until a + appears.*

To redial a number

• When Retry? appears, select Yes.

✧ *Do not hold the phone to your ear when waiting. When the call connects, the phone gives a loud signal, unless muted.*

To answer or reject a call

• Select Answer or open the slider to answer a call.
• Select Busy to end or reject a call.

To mute the microphone

1 Press and hold down Ⓒ.
2 Press and hold down Ⓒ again to resume.

To set the loudspeaker

• During a call, select More ► Turn On Speaker or Turn Off Speaker.

✧ *Do not hold the phone to your ear when using the loudspeaker. This could damage your hearing.*

To adjust the ear volume

• Press ⊕ to increase or ⊖ to decrease the volume.

Networks

Some network operators allow you to switch networks manually.

To switch networks

1 From standby select Menu ► Settings ► the Connectivity tab ► Mobile Networks ► Select Network.
2 Select an option.

Emergency calls

Your phone supports international emergency numbers, for example, 112 and 911. These numbers can normally be used to make emergency calls in

Calling   19

any country, with or without a SIM card inserted, if a GSM network is within range.

In some countries, other emergency numbers may also be promoted. Your network operator may therefore have saved additional local emergency numbers on the SIM card.

To make an emergency call

• Enter 112 or 911 (the international emergency numbers), select Call.

To view the local emergency numbers

1 From standby select Menu ► Contacts.
2 Select More ► Options ► Special Numbers ► Emergency Nos..

Contacts

You can save names, numbers and personal information in Contacts.

The information may be saved in phone memory or on your SIM card.

For useful information and settings, select Contacts ► More ► Options.

Default contact

You can choose the internal phonebook or the SIM card as the default contact list.

To select default contacts

1 From standby select Menu ► Contacts.
2 Select More ► Options ► Advanced ► Default Contacts.
3 Select an option.

Phone contacts

Phone contacts are saved in phone memory and may contain names, phone numbers and personal information.

To add a phone contact

1 From standby select Menu ► Contacts ► New Contact ► Add.
2 Enter the name and select OK.
3 Enter the number and select OK.
4 Select a number option.
5 Scroll between tabs and select the fields to add information. To enter symbols such as @, select More ► Add Symbol, scroll to a symbol and select Insert.
6 When all information is added, select Save.

To delete a contact
1 From standby select Menu ►
  Contacts and scroll to a contact.
2 Press ⓒ and select Yes.

To delete all phone contacts
1 From standby select Menu ►
  Contacts.
2 Select Options ► Advanced ► Delete
  All Contacts ► Select ► Yes.

*To automatically save names and
phone numbers on the SIM card*
1 From standby select Menu ►
  Contacts.
2 Select More ► Options ► Advanced ►
  Auto Save on SIM ► On.

SIM contacts
You can save contacts on your SIM
card.

To add a SIM contact
With SIM Contacts as the default
contact:

1 From standby select Menu ►
  Contacts ► New Contact ► Add.
2 Enter the name and select OK.
3 Enter the number and select OK.
4 Select a number.
5 Add more information, if available and
  select Save.

Memory status
The number of contacts you can save
in the phone or on the SIM card
depends on available memory.

To view memory status
1 From standby select Menu ►
  Contacts.
2 Select More ► Options ► Advanced ►
  Memory Status.

Using contacts

To call a contact
1 From standby select Menu ►
  Contacts.
2 Scroll to, or enter the first letter or
  letters of the contact.
3 When the contact is highlighted press
  ⓐ or ⓑ to select a number, then
  select Call.

To send a contact
1 From standby select Menu ►
  Contacts.
2 Select a contact.
3 Select More ► Send Contact.
4 Select a transfer method.

To send all contacts
1 From standby select Menu ►
  Contacts.

Calling   21

2 Select More ► Options ► Advanced ► Send All Contacts.
3 Select a transfer method.

To copy names and numbers to the SIM card
1 From standby select Menu ► Contacts.
2 Select More ► Options ► Advanced ► Copy to SIM.
3 Select an option.

☼ *When copying all contacts from the phone to the SIM card, all existing SIM card information is replaced.*

To copy names and numbers to phone contacts
1 From standby select Menu ► Contacts.
2 Select More ► Options ► Advanced ► Copy from SIM.
3 Select an option.

To edit a phone contact
1 From standby select Menu ► Contacts.
2 Scroll to a contact and select More ► Edit Contact.
3 Scroll to a tab and field and select Edit.
4 Edit the information and select Save.

To edit a SIM contact
With SIM contacts as the default phonebook:
1 From standby select Menu ► Contacts.
2 Scroll to a name and number and select More ► Edit Contact.
3 Edit the name and number.

To save and restore contacts with a memory card
1 From standby select Menu ► Contacts.
2 Select More ► Options ► Advanced ► Back Up To M.S. or Restore From M.S..

To select the sort order for contacts
1 From standby select Menu ► Contacts.
2 Select More ► Options ► Advanced ► Sort Order.

Call list
Information about recent calls.

To call a number from the call list
1 From standby select Menu ► Calls and scroll to a tab.
2 Scroll to a name or number and select Call.

To add a call list number to contacts
1 From standby select Menu ► Calls and select a tab.
2 Scroll to the number and select More ► Save Number.
3 Select New Contact to create a new contact, or select an existing contact to add the number to.

To clear the call list
• From standby select Menu ► Calls the All tab ► More ► Delete All.

Speed dial
You can save numbers in positions 1-9 in your phone for quick access.

To edit speed dial numbers
1 From standby select Menu ► Contacts ► More ► Options ► Speed Dial.
2 Scroll to the position and select Add or More ► Replace.

To speed dial
• From standby enter the position number ► Call.

Voicemail
If your subscription includes voicemail, callers may leave a message when you cannot answer a call.

☀ *Contact your network operator for more information.*

To call your voicemail service
• From standby press and hold down (1▫).

To edit your voicemail number
1 From standby select Menu ► Messaging ► Settings ► Voicemail Number.
2 Enter the number and select OK.

Voice control
By creating voice commands, you can:

• Voice dial – call someone by saying their name.
• Magic word – activate voice control by using an uncommon word or sentence you choose.
• Voice answer – answer and reject calls using the Voice Answer feature and a portable or vehicle handsfree.

To activate voice dialing and record commands

1 From standby select Menu ► Settings ► the General tab ► Voice Control ► Voice Dialing ► Activate ► Yes ► New Voice Cmd. and select a contact.

2 If the contact has more than one number, use ◉ and ◉ to view the numbers. Select the number to add the voice command to. Record a voice command such as "John mobile".

3 Follow the instructions on the screen. Wait for the tone and say the command to record. The voice command is played back to you.

4 If the recording sounds OK, select Yes. If not, select No and follow the instructions on the screen.

Caller name
You can hear the recorded contact name play when receiving a call from the contact.

To use the caller name

1 From standby select Menu ► Settings ► the General tab ► Voice Control ► Play Caller Name.

2 Select an option.

To voice dial from the phone

1 From standby press and hold down (+) or (−).

2 Wait for the tone and say a recorded name, for example "John mobile". The name is played back to you and the call is connected.

To voice dial with a handsfree

• From standby press and hold down the handsfree key.

The magic word
You can record and use a voice command as to activate voice control without pressing any keys.

-💡- *Bluetooth™ devices do not support magic word.*

-💡- *Choose a long, unusual word or phrase that can easily be distinguished from ordinary background speech.*

To activate and record the magic word

1 From standby select Menu ► Settings ► the General tab ► Voice Control ► Magic Word ► Activate.

2 Follow the instructions on the screen and select Continue.

3 Wait for the tone and say the magic word.

4 Select Yes to accept or No to record a new word.

5 Follow the instructions on the screen and select Continue.

24   Calling

6 Select where Magic Word is used.

Voice answering
When using a handsfree, you can answer or reject incoming calls with your voice.

To activate voice answering and record voice answer commands
1 From standby select Menu ► Settings ► the General tab ► Voice Control ► Voice Answer ► Activate.
2 Follow the instructions on the screen and select Continue. Wait for the tone and say "Answer".
3 Select Yes to accept or No for a new recording.
4 Follow the instructions on the screen and select Continue. Wait for the tone and say "Busy".
5 Select Yes to accept or No for a new recording.
6 Follow the instructions on the screen and select Continue, then select the environments in which voice answering is to be activated.

To answer or reject a call using voice commands
When the phone rings, say:

• "Answer" to connect the call.
• "Busy" to reject the call.

To edit contact commands
1 From standby select Menu ► Contacts and scroll to a contact.
2 Select More ► Edit Contact.
3 Select the voice command to edit.

Forwarding calls
You can forward calls, for example, to an answering service.

-ᢩᢩ- *When the restrict call function is activated, some forward call options are not available. ➥ 27 Restrict calls.*

Forward call options
Your phone has the following options:

• Always Forward – all calls.
• When Busy – if a call is ongoing.
• Not Reachable – if turned off or unreachable.
• No Reply – if not answered in a specified time.

To activate a call forward
1 From standby select Menu ► Settings ► the Calls tab ► Forward Calls.
2 Select a call type, forward option, then select Activate.
3 Enter the phone number to forward your calls to.
4 Select OK.

More than one call

Handle more than one call at the same time.

Call waiting service

When this is activated, you hear a beep if you receive a second call.

To use the call waiting service

1 From standby select Menu ► Settings ► the Calls tab ► Manage Calls ► Call Waiting.
2 Select an option.

To make a second call

1 During the call, select More ► Hold to hold the ongoing call.
2 Enter the number and select More ► Call.

Receiving a second voice call

When you receive a second call, you can:

• Answer to put the ongoing call on hold.
• Busy to reject and continue with the ongoing call.
• Replace Active Call to answer and end the ongoing call.

Handling two voice calls

You can have calls ongoing and on hold, at the same time.

Press More to view call options:

• Switch to toggle between the two calls.
• Join Calls to join the two calls.
• Transfer Call to connect the two calls. You are disconnected from both calls.

Conference calls

With a conference call, you can have a joint conversation with up to five people. Your subscription may limit you to less than five people.

There may be additional charges for calls involving multiple parties, contact your network operator for more information.

To join two calls into a conference call

• During the call, select More ► Join Calls.

To add a new member

1 During the call, select More ► Hold to put the joined calls on hold.
2 Select More ► Add Call and call the next person to add to the conference call.
3 Select More ► Join Calls.
4 Repeat steps 1-3 to add more participants.

To release a member

1 Select More ► Release Party.

2 Select the participant to release.

To have a private conversation

1 Select More ► Talk to and select the participant to talk to.

2 To resume the conference call, press More ► Join Calls.

Two voice lines

If your subscription supports Alternate Line Service (ALS), you can make calls with different phone numbers.

To select a line for outgoing calls

1 From standby select Menu ► Settings ► the Calls tab.

2 Select an option.

To change the name of a line

1 From standby select Menu ► Settings the Calls tab ► Edit Line Names.

2 Select the line to edit.

My numbers

You can view, add and edit your own phone numbers.

To check your phone numbers

1 From standby select Menu ► Contacts ► More ► Options ► Special Numbers ► My Numbers.

2 Select an option.

Accept calls

You can choose to receive calls from certain phone numbers only. If the forward calls option When Busy is activated, calls are forwarded.

To add numbers to the accepted callers list

1 From standby select Menu ► Settings ► the Calls tab ► Manage Calls ► Accept Calls ► Only from List ► Edit ► Add.

2 Scroll to a contact or group.

To accept all calls

• From standby select Menu ► Settings ► the Calls tab ► Manage Calls ► Accept Calls ► All Callers.

Restrict calls

You can restrict outgoing and incoming calls. A password from your service provider is required.

If you forward incoming calls, you cannot activate some restrict calls options.

Calling   27

To use a call restriction

1 From standby select Menu ► Settings ► the Calls tab ► Manage Calls ► Restrict Calls.
2 Select an option.
3 Enter your password and select OK.

Fixed dialing

The fixed dialing function allows calls to be made to numbers saved on the SIM card. The PIN2 protects the fixed numbers. Partial numbers can be saved. For example, saving 0123456 allows calls to be made to all numbers starting with 0123456.

You can still call the international emergency number, 112 or 911.

When fixed dialing is activated, you may not be allowed to view or manage any phone numbers saved on the SIM card.

To use fixed dialing

1 From standby select Menu ► Contacts.
2 Select More ► Options ► Special Numbers ► Fixed Dialing and select Activate.
3 Enter your PIN2 and select OK.
4 Select OK again to confirm.

To save a fixed number

1 From standby select Menu ► Contacts.
2 Select More ► Options ► Special Numbers ► Fixed Dialing ► Fixed Numbers ► New Number
3 Enter the information and press Save.

Call time and cost

The duration of the call is shown during the call. You can check the duration of your last call, outgoing calls and the total time of your calls.

To check the call time

• From standby select Menu ► Settings the Calls tab ► Time & Cost ► Call Timers.

Additional calling functions

Tone signals

You can use banking services or control an answering machine with tone signals during a call.

To use tone signals

1 During the call, press More ► Enable Tones.
2 Press keypad numbers to send tones.
3 Press ⓒ to clear the screen.
