GPS

Your phone has a GPS receiver that uses satellite signals to calculate your location.

- ! *If you cannot use some GPS features, see I cannot use Internet-based services on page 66.*

Using GPS

Your location can be found when you have a clear view of the sky. If your location is not found after a few minutes, move to another location. To help the search, stand still and do not cover the GPS antenna.

Assisted start

With **Assisted start** your location is calculated more quickly. If not turned off, **Assisted start** will automatically be used to find your location when

Assisted GPS (A-GPS) technology is available.

To set when to use Assisted start

- 1 From Homescreen select **Menu** > **Location services** > **Settings** > **Assisted start**.
- 2 Select an option.

Driving directions

Orange Local offers you a map of the area for your current location. You can find everything from the nearest cash point to a place to eat with just a couple of clicks.

- ! *Sony Ericsson does not warrant the accuracy of any directional services including but not limited to turn-by-turn navigational services.*

To start Orange Local

- From Homescreen select **Menu** > **Location services** > **Orange Local**.

More GPS features

Save locations

You can find all saved locations in **My favourites**.

To save your current location

- 1 From Homescreen select **Menu** > **Location services** > **My favourites** > **Add new place**.
- 2 Select **Edit** and enter the title. Select **OK**.
- 3 Scroll to **Description**; and select **Add**. Enter the description and select **OK**.
- 4 Scroll to **Position**; and select **Add** > **Current position**.
- 5 Select **Save**.

To view a saved location on a map

- 1 From Homescreen select **Menu** > **Location services** > **My favourites**.
- 2 Scroll to a location and select **Go to**.

Location requests

External services may ask for your location.

To change access for external services

- 1 From Homescreen select **Menu** > **Location services** > **Settings** > **Privacy**.
- 2 Select an option.

Turn off GPS

The GPS receiver turns off automatically when it is not in use. You can also turn the GPS receiver off manually. This saves battery power when you use features that do not

require the GPS receiver to find your location.

To turn on or off GPS manually

- 1 From Homescreen select **Menu** > **Location services** > **Settings**.
- 2 Select **Enable GPS** or **Disable GPS**.

Synchronising

You can synchronise in two different ways. You can synchronise your phone using a computer program or you can synchronise using an Internet service.

 Use only one of the synchronisation methods at a time with your phone.

For more information, go to www.sonyericsson.com/support to read the *Synchronisation Feature* guide.

Synchronising using a computer

You can use the USB cable or Bluetooth wireless technology to synchronise phone contacts, appointments, bookmarks, tasks and notes with a computer program such as Microsoft Outlook®.

Before synchronising, you need to install the *Sony Ericsson PC Suite*.

 *Sony Ericsson PC Suite* software is included on the CD with your phone and available for download at www.sonyericsson.com/support.

See *Required operating systems* on page 47.

To install the Sony Ericsson PC Suite

- 1 Turn on your computer and insert the CD. The CD starts automatically and the installation window opens.
- 2 Select a language and click *OK*.
- 3 Click *Install Sony Ericsson PC suite* and follow the instructions on the screen.

To synchronise using the Sony Ericsson PC Suite

- 1 **Computer:** Start *Sony Ericsson PC Suite* from *Start/Programs/Sony Ericsson/Sony Ericsson PC Suite*.
- 2 Follow the instructions in the *Sony Ericsson PC Suite* for how to connect.
- 3 **Phone:** Select *Phone mode*.
- 4 **Computer:** When you are notified that the *Sony Ericsson PC Suite* has found your phone, you can start synchronising.

 For usage details, see the *Sony Ericsson PC Suite Help* section once the software has been installed on your computer.

Synchronising using an Internet service

You can synchronise with an Internet service using SyncML™ or a Microsoft® Exchange Server using Microsoft Exchange ActiveSync. For

more information, go to www.sonyericsson.com/support to read the *Synchronisation* Feature guide.

Locks

SIM card lock

This lock only protects your subscription. Your phone will work with a new SIM card. If the lock is on, you have to enter a PIN (Personal Identity Number).

If you enter your PIN incorrectly three times in a row, the SIM card is blocked and you need to enter your PUK (Personal Unblocking Key). Your PIN and PUK are supplied by Orange.

To unblock the SIM card

- 1 When **PIN blocked** appears, enter your PUK and select **OK**.
- 2 Enter a new four-to-eight-digit PIN and select **OK**.
- 3 Re-enter the new PIN and select **OK**.

To edit the PIN

- 1 From Homescreen select **Menu** > **Settings** > the **General tab** > **Security** > **Locks** > **SIM protection** > **Change PIN**.
- 2 Enter your PIN and select **OK**.
- 3 Enter a new four-to-eight-digit PIN and select **OK**.
- 4 Re-enter the new PIN and select **OK**.

❗ *If **Codes do not match** appears, you entered the new PIN incorrectly. If **Wrong PIN** appears, followed by **Old PIN**;, you entered your old PIN incorrectly.*

To use the SIM card lock

- 1 From Homescreen select **Menu** > **Settings** > the **General tab** > **Security** > **Locks** > **SIM protection** > **Protection**.
- 2 Select an option.
- 3 Enter your PIN and select **OK**.

Phone lock

You can stop unauthorised use of your phone. Change the phone lock code (0000) to any four-to-eight-digit personal code.

❗ *It is important that you remember your new code. If you forget it, you have to take your phone to your local Sony Ericsson retailer.*

To use the phone lock

- 1 From Homescreen select **Menu** > **Settings** > the **General tab** > **Security** > **Locks** > **Phone protection** > **Protection**.
- 2 Select an option.
- 3 Enter the phone lock code and select **OK**.

To unlock the phone

- Enter your code and select **OK**.

To change the phone lock code

- 1 From Homescreen select **Menu** > **Settings** > the **General tab** > **Security** > **Locks** > **Phone protection** > **Change code**.
- 2 Enter the old code and select **OK**.
- 3 Enter the new code and select **OK**.
- 4 Repeat the code and select **OK**.

Keypad lock

You can set this lock to avoid accidental dialling. Incoming calls can be answered without unlocking the keypad.

❗ *Calls to the international emergency number 112 can still be made.*

To use the automatic keylock

- 1 From Homescreen select **Menu** > **Settings** > the **General tab** > **Security** > **Automatic keylock**.

- 2 Select an option.

To unlock the keypad manually

- From Homescreen press any key and select **Unlock** > **OK**.

IMEI number

Keep a copy of your IMEI (International Mobile Equipment Identity) number in case your phone is stolen.

To view your IMEI number

- From Homescreen press **(*) 0673**, **(#) 0673**, **(0) +**, **(6)**, **(#) 0673**.

Troubleshooting

Some problems will require you to call Orange.

For more support go to www.sonyericsson.com/support.

Common questions

I have problems with memory capacity or the phone is working slowly

Restart your phone every day to free memory or do a **Master reset**.

Master reset

If you select **Reset settings**, the changes that you have made to settings will be deleted.

If you select **Reset all**, your settings and content, such as contacts, messages, pictures, sounds and downloaded games, will be deleted. You may also lose content that was in the phone at purchase.

To reset the phone

- 1 From Homescreen select **Menu** > **Settings** > the **General** tab > **Master reset**.
- 2 Select an option.
- 3 Follow the instructions that appear.

I cannot charge the phone or battery capacity is low

The charger is not properly connected or the battery connection is poor. Remove the battery and clean the connectors.

The battery is worn out and needs to be replaced. See *Charging the battery* on page 9.

No battery icon appears when I start charging the phone

It may take a few minutes before the battery icon appears on the screen.

Some menu options appear in grey

A service is not activated. Contact Orange.

I cannot use Internet-based services

Your subscription does not include data capability. Settings are missing or incorrect.

You can download settings using the setup wizard or by going to www.sonyericsson.com/support.

To download settings using the Setup wizard

- 1 From Homescreen select **Menu** > **Settings** > the **General** tab > **Setup wizard** > **Settings download**.
- 2 Follow the instructions that appear.

 **Contact Orange or your service provider for more information.**

I cannot send messages from my phone

Most messages require a service centre number to send them. The number is supplied by Orange and is usually saved on the SIM card. If the number to your service centre is not saved on your SIM card, you must enter the number yourself.

To send most multimedia messages, you must set an MMS profile and the address of your message server. If no MMS profile or message server exists, you can receive all the settings automatically from Orange or at www.sonyericsson.com/support.

To enter a service centre number

- 1 From Homescreen select **Menu** > **Settings** > the **Connectivity** tab > **Message settings** > **Text message** and

scroll to **Service centre**. The number is shown if it is saved on the SIM card.

- 2 If there is no number shown, select **Edit**.
- 3 Scroll to **New ServiceCentre** and select **Add**.
- 4 Enter the number, including the international “+” sign and country code.
- 5 Select **Save**.

To select an MMS profile

- 1 From Homescreen select **Menu** > **Settings** > the **Connectivity** tab > **Message settings** > **Multimedia msg.**
- 2 Select an existing profile or create a new one.

To set the message server address

- 1 From Homescreen select **Menu** > **Settings** > the **Connectivity** tab > **Message settings** > **Multimedia msg.**
- 2 Scroll to a profile and select **Options** > **Edit**.
- 3 Scroll to **Message server** and select **Edit**.
- 4 Enter the address and select **OK** > **Save**.

The phone does not ring or rings too softly

Make sure that **Silent mode** has not been set to **On**. See *To turn off the ringtone* on page 61.

Check the ringtone volume. See *To set the ringtone volume* on page 61.

Check the profile. See *To select a profile* on page 60.

Check the divert call options. See *To divert calls* on page 31.

The phone cannot be detected by other devices using Bluetooth wireless technology

You have not turned the Bluetooth function on. Make sure that the visibility is set to show phone. See *To turn on the Bluetooth function* on page 50.

I cannot synchronise or transfer content between my phone and my computer, when using the USB cable.

The cable or software that came with your phone has not been properly installed. Go to www.sonyericsson.com/support to read Feature guides which contain detailed installation instructions and troubleshooting guides.

I have forgotten my code memo passcode

If you forget your passcode, you must reset the code memo. This means that all entries in the code memo are deleted. The next time you enter the code memo, you must proceed as if you are opening it for the first time.

To reset code memo

- 1 From Homescreen select **Menu** > **Organiser** > **Code memo**.
- 2 Enter an incorrect passcode 3 times.
- 3 **Reset Code memo and delete all items?** appears.
- 4 Select **Yes**.

Where can I find the regulatory information such as my IMEI number if I cannot turn on my phone?

Error messages

Insert SIM

There is no SIM card in your phone or you may have inserted it incorrectly.

See *To insert the SIM card* on page 6.

The SIM card connectors need cleaning. If the card is damaged, contact Orange.

Insert correct SIM card

Your phone is set to work only with certain SIM cards. Check if you are using the correct operator SIM card.

Wrong PIN/Wrong PIN2

You have entered your PIN or PIN2 incorrectly.

Enter the correct PIN or PIN2 and select **Yes**.

PIN blocked/PIN2 blocked

You have entered your PIN or PIN2 code incorrectly three times in a row.

To unblock, see *SIM card lock* on page 63.

Codes do not match

Codes that you have entered do not match. When you want to change a

security code, for example your PIN, you have to confirm the new code. See *SIM card lock* on page 63.

No netw. coverage

Your phone is in flight mode. See *Flight mode* on page 56.

Your phone is not receiving any network signal, or the received signal is too weak. Contact Orange and make sure that the network has coverage where you are.

The SIM card is not working properly. Insert your SIM card in another phone. If this works, it is probably your phone that is causing the problem. Please contact the nearest Sony Ericsson service location.

Emerg. calls only

You are within range of a network, but you are not allowed to use it. However, in an emergency, some network operators allow you to call the international emergency number 112. See *Emergency calls* on page 26.

PUK blocked. Contact operator.

You entered your personal unblocking key code (PUK) incorrectly 10 times in a row.

Guidelines for Safe and Efficient Use

Please follow these guidelines. Failure to do so might entail a potential health risk or product malfunction. If in doubt as to its proper function, have the product checked by a certified service partner before charging or using it.

Recommendations for care and safe use of our products

- Handle with care and keep in a clean and dust-free place.
- **Warning!** May explode if disposed of in fire.
- Do not expose to liquid or moisture or excess humidity.
- For optimum performance, the product should not be operated in temperatures below $-10^{\circ}\text{C}(+14^{\circ}\text{F})$ or above $+45^{\circ}\text{C}(+113^{\circ}\text{F})$. Do not expose the battery to temperatures above $+60^{\circ}\text{C}(+140^{\circ}\text{F})$.
- Do not expose to flames or lit tobacco products.
- Do not drop, throw or try to bend the product.
- Do not paint or attempt to

disassemble or modify the product. Only

Sony Ericsson authorised personnel should perform service.

- Consult with authorised medical staff and the instructions of the medical device manufacturer before using the product near pacemakers or other medical devices or equipment.
- Discontinue use of electronic devices, or disable the radio transmitting functionality of the device, where required or requested to do so.
- Do not use where a potentially explosive atmosphere exists.
- Do not place the product, or install wireless equipment, in the area above an air bag in a car.
- **Caution:** Cracked or broken displays may create sharp edges or splinters that could be harmful upon contact.
- Do not use the Bluetooth Headset in positions where it is uncomfortable or will be subject to pressure.

Children

Warning! Keep out of the reach of children. Do not allow children to play with mobile phones or accessories. They could hurt themselves or others. Products may contain small parts that could become detached and create a choking hazard.

Power supply (Charger)

Connect the charger to power sources as marked on the product. Do not use outdoors or in damp areas. Do not alter or subject the cord to damage or stress. Unplug the unit before cleaning it. Never alter the plug. If it does not fit into the outlet, have a proper outlet installed by an electrician. When a power supply is connected there is a small drain of power. To avoid this small energy waste, disconnect the

power supply when the product is fully charged. Use of charging devices that are not Sony Ericsson branded may pose increased safety risks.

Battery

New or idle batteries can have short-term reduced capacity. Fully charge the battery before initial use. Use for the intended purpose only. Charge the battery in temperatures between +5°C(+41°F) and +45°C(+113°F). Do not put the battery into your mouth. Do not let the battery contacts touch another metal object. Turn off the product before removing the battery. Performance depends on temperatures, signal strength, usage patterns, features selected and voice or data transmissions. Only Sony Ericsson service partners should remove or replace built-in batteries. Use of batteries that are not Sony Ericsson branded may pose increased safety risks. Replace the battery only with another Sony Ericsson battery that has been qualified with the product per the standard IEEE-1725. Use of an unqualified battery may present a risk of fire, explosion, leakage or other hazard.

Personal medical devices

Mobile phones may affect implanted medical equipment. Reduce risk of interference by keeping a minimum distance of 15 cm(6 inches) between the phone and the device. Use the phone at your right ear. Do not carry the phone in your breast pocket. Turn off the phone if you suspect interference. For all medical devices, consult a physician and the manufacturer.

Driving

Some vehicle manufacturers forbid the use of phones in their vehicles unless a handsfree kit with an external antenna supports the installation. Check with the vehicle manufacturer's representative to be sure that the mobile phone or Bluetooth handsfree

will not affect the electronic systems in the vehicle. Full attention should be given to driving at all times and local laws and regulations restricting the use of wireless devices while driving must be observed.

GPS/Location based functions

Some products provide GPS/Location based functions. Location determining functionality is provided "As is" and "With all faults". Sony Ericsson does not make any representation or warranty as to the accuracy of such location information.

Use of location-based information by the device may not be uninterrupted or error free and may additionally be dependent on network service availability. Please note that functionality may be reduced or prevented in certain environments such as building interiors or areas adjacent to buildings. Caution: Do not use GPS functionality in a manner which causes distraction from driving.

Emergency calls

Calls cannot be guaranteed under all conditions. Never rely solely upon mobile phones for essential communication. Calls may not be possible in all areas, on all networks, or when certain network services and/or phone features are used.

Antenna

Use of antenna devices not marketed by Sony Ericsson could damage the phone, reduce performance, and produce SAR levels above the established limits. Do not cover the antenna with your hand as this affects call quality, power levels and can shorten talk and standby times.

Radio Frequency (RF) exposure and Specific Absorption Rate (SAR)

When the phone or Bluetooth handsfree is turned on, it emits low levels of radio frequency energy. International safety guidelines have been developed through periodic and thorough evaluation of scientific studies. These guidelines establish permitted levels of radio wave exposure. The guidelines include a safety margin designed to assure the safety of all persons and to account for any variations in measurements.

Specific Absorption Rate (SAR) is used to measure radio frequency energy absorbed by the body when using a mobile phone. The SAR value is determined at the highest certified power level in laboratory conditions, but because the phone is designed to use the minimum power necessary to access the chosen network, the actual SAR level can be well below this value. There is no proof of difference in safety based on difference in SAR value.

Products with radio transmitters sold in the US must be certified by the Federal Communications Commission (FCC). When required, tests are performed when the phone is placed at the ear and when worn on the body. For body-worn operation, the phone has been tested when positioned a minimum of 15 mm from the body without any metal parts in the vicinity of the phone or when properly used with an appropriate Sony Ericsson accessory and worn on the body.

For more information about SAR and radio frequency exposure, go to:
www.sonyericsson.com/health.

Flight mode

Bluetooth and WLAN functionality, if available in the device, can be enabled in Flight mode but may be prohibited onboard aircraft or in other areas where radio transmissions are prohibited. In such environments, please seek proper authorisation

before enabling Bluetooth or WLAN functionality even in Flight mode.

Malware

Malware (short for malicious software) is software that can harm the mobile phone or other computers. Malware or harmful applications can include viruses, worms, spyware, and other unwanted programs. While the device does employ security measures to resist such efforts, Sony Ericsson does not warrant or represent that the device will be impervious to the introduction of malware. You can however reduce the risk of malware attacks by using care when downloading content or accepting applications, refraining from opening or responding to messages from unknown sources, using trustworthy services to access the Internet, and only downloading content to the mobile phone from known, reliable sources.

Accessories

Use only Sony Ericsson branded original accessories and certified service partners. Sony Ericsson does not test third-party accessories. Accessories may influence RF exposure, radio performance, loudness, electric safety and other areas. Third-party accessories and parts may pose a risk to your health or safety or decrease performance.

Accessible Solutions/Special Needs

In the US, compatible Sony Ericsson phones may offer compatibility with TTY terminals (with use of necessary accessory). For more information call the Sony Ericsson Special Needs Center on 877 878 1996 (TTY) or 877 207 2056 (voice), or go to www.sonyericsson-snc.com.

Disposal of old electrical and electronic equipment

Electronic equipment and batteries should not be included as household waste but should be left at an appropriate collection point for recycling. This helps prevent potential negative consequences for the environment and human health. Check local regulations by contacting your local city office, your household waste disposal service, the shop where you purchased the product or calling a Sony Ericsson call centre.

Disposing of the battery

Check local regulations or call a Sony Ericsson call centre for information. Never use municipal waste.

Memory card

If the product comes complete with a removable memory card, it is generally compatible with the handset purchased but may not be compatible with other devices or the capabilities of their memory cards. Check other devices for compatibility before purchase or use. If the product is equipped with a memory card reader, check memory card compatibility before purchase or use.

Memory cards are generally formatted prior to shipping. To reformat the memory card, use a compatible device. Do not use the standard operating system format when formatting the memory card on a PC. For details, refer to the operating instructions of the device or contact customer support.

Warning!

If the device requires an adapter for insertion into the handset or another device, do not insert the card directly without the required adapter.

Precautions on memory card use

- Do not expose the memory card to moisture.
- Do not touch terminal connections with your hand or any metal object.
- Do not strike, bend, or drop the memory card.
- Do not attempt to disassemble or modify the memory card.
- Do not use or store the memory card in humid or corrosive locations or in excessive heat such as a closed car in summer, in direct sunlight or near a heater, etc.
- Do not press or bend the end of the memory card adapter with excessive force.
- Do not let dirt, dust, or foreign objects get into the insert port of any memory card adapter.
- Check you have inserted the memory card correctly.
- Insert the memory card as far as it will go into any memory card adapter needed. The memory card may not operate properly unless fully inserted.
- We recommend that you make a backup copy of important data. We are not responsible for any loss or damage to content you store on the memory card.
- Recorded data may be damaged or lost when you remove the memory card or memory card adapter, turn off the power while formatting, reading or writing data, or use the memory card in locations subject to static electricity or high electrical field emissions.

Protection of personal information

Erase personal data before disposing of the product. To delete data, perform a master reset. Deleting data from the phone memory does not ensure that it cannot be recovered. Sony Ericsson does not

warrant against recovery of information and does not assume responsibility for disclosure of any information even after a master reset.

Loudness warning!

Avoid volume levels that may be harmful to your hearing.

End User Licence Agreement

Software delivered with this device and its media is owned by Sony Ericsson Mobile Communications AB, and/or its affiliated companies and its suppliers and licensors.

Sony Ericsson grants you a non-exclusive limited licence to use the Software solely in conjunction with the Device on which it is installed or delivered. Ownership of the Software is not sold, transferred or otherwise conveyed.

Do not use any means to discover the source code or any component of the Software, reproduce and distribute the Software, or modify the Software. You are entitled to transfer rights and obligations to the Software to a third party, solely together with the Device with which you received the Software, provided the third party agrees in writing to be bound by the terms of this Licence.

This licence exists throughout the useful life of this Device. It can be terminated by transferring your rights to the Device to a third party in writing.

Failure to comply with any of these terms and conditions will terminate the licence immediately.

Sony Ericsson and its third party suppliers and licensors retain all rights, title and interest in and to the Software. To the extent that the Software contains material or code of a third party, such third parties shall be beneficiaries of these terms.

This licence is governed by the laws of Sweden. When applicable, the foregoing applies to statutory consumer rights.

In the event Software accompanying or provided in conjunction with your device is provided with additional terms and conditions, such provisions shall also govern your possession and usage of the Software.

Limited Warranty

Sony Ericsson Mobile Communications AB, SE-221 88 Lund, Sweden, (Sony Ericsson) or its local affiliated company, provides this Limited Warranty for your mobile phone, original accessory delivered with your mobile phone, and/or your mobile computing product (hereinafter referred to as "Product").

Should your Product need warranty service, please return it to the dealer from whom it was purchased, or contact your local Sony Ericsson Call Center (national rates may apply) or visit www.sonyericsson.com to get further information.

Our warranty

Subject to the conditions of this Limited Warranty, Sony Ericsson warrants this Product to be free from defects in design, material and workmanship at the time of its original purchase by a consumer. This Limited Warranty will last for a period of two (2) years as from the original date of purchase of the Product for your mobile phone, and for a period of one (1) year following the original purchase date of the Product for all original accessories (such as the battery, charger or handsfree kit) which may be delivered with your mobile phone.

What we will do

If, during the warranty period, this Product fails to operate under normal use and service, due to defects in design, materials or workmanship, Sony Ericsson authorised distributors or service partners, in the country/region* where you purchased the Product, will, at their option, either

repair or replace the Product in accordance with the terms and conditions stipulated herein.

Sony Ericsson and its service partners reserve the right to charge a handling fee if a returned Product is found not to be under warranty according to the conditions below.

Please note that some of your personal settings, downloads and other information may be lost when your Sony Ericsson Product is repaired or replaced. At present, Sony Ericsson may be prevented by applicable law, other regulation or technical restrictions from making a backup copy of certain downloads. Sony Ericsson does not take any responsibility for any lost information of any kind and will not reimburse you for any such loss. You should always make backup copies of all the information stored on your Sony Ericsson Product such as downloads, calendar and contacts before handing in your Sony Ericsson Product for repair or replacement.

Conditions

1. This Limited Warranty is valid only if the original proof of purchase for this Product issued by a Sony Ericsson authorised dealer specifying the date of purchase and serial number**, is presented with the Product to be repaired or replaced. Sony Ericsson reserves the right to refuse warranty service if this information has been removed or changed after the original purchase of the Product from the dealer.
2. If Sony Ericsson repairs or replaces the Product, the repair for the defect concerned, or the replaced Product shall be warranted for the remaining time of the original warranty period or for ninety (90) days from the date of repair, whichever is longer. Repair or replacement may involve the use of functionally equivalent reconditioned units. Replaced parts or components will become the property of Sony Ericsson.
3. This warranty does not cover any failure of the Product due to normal wear and tear, or due to misuse, including but not limited to use in other than the normal and customary manner, in accordance with the Sony Ericsson instructions for use and maintenance of the Product. Nor does this warranty cover any failure of the Product due to accident, software or hardware modification or adjustment, acts of God or damage resulting from liquid. A rechargeable battery can be charged and discharged more than a hundred times. However, it will eventually wear out – this is not a defect and corresponds to normal wear and tear. When the talk-time or standby time is noticeably shorter, it is time to replace the battery. Sony Ericsson recommends that you use only batteries and chargers approved by Sony Ericsson. Minor variations in display brightness and colour may occur between phones. There may be tiny bright or dark dots on the display. These are called defective pixels and occur when individual dots have malfunctioned and can not be adjusted. Two defective pixels are deemed acceptable. Minor variations in camera image appearance may occur between phones. This is nothing uncommon and is not regarded as a defective camera module.
4. Since the cellular system on which the Product is to operate is provided by a carrier independent from Sony Ericsson, Sony Ericsson will not be responsible for the operation, availability, coverage, services or range of that system.
5. This warranty does not cover Product failures caused by installations, modifications, or repair or opening of the Product performed by a non-Sony Ericsson authorised person.
6. The warranty does not cover Product failures which have been caused by use of accessories or other peripheral devices which are not Sony Ericsson branded original accessories intended for use with the Product.

Sony Ericsson disclaims any and all warranties, whether express or implied, for failures caused to

the Product or peripheral devices as a result of viruses, trojan horses, spyware, or other malicious software. Sony Ericsson strongly recommends that you install appropriate virus protection software on your Product and any peripheral devices connected to it, as available, and update it regularly, to better protect your device. It is understood, however, that such software will never fully protect your Product or its peripheral devices and Sony Ericsson disclaims all warranties, whether express or implied, in case of failure by such antivirus software to fulfil its intended purpose.

7. Tampering with any of the seals on the Product will void the warranty.
8. THERE ARE NO EXPRESS WARRANTIES, WHETHER WRITTEN OR ORAL, OTHER THAN THIS PRINTED LIMITED WARRANTY. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. IN NO EVENT SHALL SONY ERICSSON OR ITS LICENSORS BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE WHATSOEVER, INCLUDING BUT NOT LIMITED TO LOST PROFITS OR COMMERCIAL LOSS TO THE FULL EXTENT THOSE DAMAGES CAN BE DISCLAIMED BY LAW.

Some countries/states do not allow the exclusion or limitation of incidental or consequential damages, or limitation of the duration of implied warranties, so the preceding limitations or exclusions may not apply to you.

The warranty provided does not affect the consumer's statutory rights under applicable legislation in force, nor the consumer's rights against the dealer arising from their sales / purchase contract.

*Geographical scope of the warranty

If you have purchased your Product in a country member of the European Economic Area (EEA) or in Switzerland or the Republic of Turkey, and such Product was intended for sale in the EEA or in Switzerland or in Turkey, you can have your Product serviced in any EEA country or in Switzerland or in Turkey, under the warranty conditions prevailing in the country in which you require servicing, provided that an identical Product is sold in such country by an authorised Sony Ericsson distributor. To find out if your Product is sold in the country you are in, please call the local Sony Ericsson Call Center. Please observe that certain services may not be available outside the country of original purchase, for example, due to the fact that your Product may have an interior or exterior which is different from equivalent models sold in other countries. Please note in addition that it may sometimes not be possible to repair SIM-locked Products.

** In some countries/regions additional information (such as a valid warranty card) may be requested.

Downloads Terms and Conditions

If you are an Orange France subscriber, for more information on the Downloads service, please refer to your Orange User Guide.

The Downloads application is a service provided by Sony Ericsson Mobile Communications AB, a company incorporated under the laws of Sweden with corporate identity number 556615-6658, VAT registration number SE-5566156658-01 and with address Nya Vattentornet SE-221 88 Lund, or its subsidiaries or branch offices (together "Sony Ericsson") which allows you to access and purchase e.g. music tones ("Content") for download to your Sony Ericsson product. If you want to get in contact with Sony Ericsson, please go to the Contact Us section at the general Sony Ericsson web page (www.SonyEricsson.com) or call our local customer care centre.

Please note that Sony Ericsson may use an agent or partner for the purposes of billing, ordering and delivering Content.

Right to access and purchase the Content will give you the right to download and use the Content exclusively for your own personal use. No license is granted to you with respect to the human-readable source code for any Content and no rights are sold, transferred or otherwise conveyed with respect to any Sony Ericsson or its content providers patents, copyrights, trade marks, trade secrets or other intellectual property rights.

User Requirements

To use Downloads you must be at least 18 years old or receive your parent's or guardian's consent. When using Downloads, you hereby accept and agree to the following: (i) You will follow the user instructions you have been and will be presented with during the entire use of Downloads; (ii) Your Sony Ericsson product must support the technical requirements, if applicable; (iii) You may not initiate the Downloads client without the Sony Ericsson product being sufficiently charged; and (iv) To the fullest extent permitted by law, neither Sony Ericsson nor its content providers can be held responsible for any damage or loss of other software or hardware of your Sony Ericsson product resulting from the use of Downloads.

Payment Terms

You hereby agree and accept to use Downloads and purchase the Content for which you will be charged the amount appearing in your phone display and, when applicable, a charge for sending a text message. The total cost for the Premium SMS (a payment mechanism automatically generating one or more text message(s) once you have accepted the purchase) will be charged to your Orange pay monthly bill or against your pay as you go credit. Further payment terms will be determined by your

subscription agreement with Orange. The cost for your connection to the Downloads client via GPRS to download the Content is incremental and not included in the approximate price quoted in the phone display.

Cancellation and withdrawal

Once you have accepted the price quoted in the phone display along with these terms and conditions you have confirmed your purchase and cancellation is not possible. Please note that by accepting the purchase in the phone display you have implicitly consented that your order for services will be performed by Sony Ericsson prior to the end of the usual period for the right for withdrawal and since the services by their nature can not be returned to Sony Ericsson, you will not be entitled to exercise your right to withdraw.

Content

The Content is owned by Sony Ericsson or its content providers. You may download the content exclusively for your own, personal use. Content may not be modified, altered or distributed.

Warranty Disclaimer and Limitation of Liability

CONTENT IS PROVIDED "AS IS" AND TO THE FULLEST EXTENT PERMITTED BY LAW SONY ERICSSON AND ITS CONTENT PROVIDERS SPECIFICALLY DISCLAIM ANY WARRANTY OR CONDITION WHATSOEVER REGARDING MERCHANTABILITY, FITNESS FOR A SPECIFIC PURPOSE, TITLE OR NON-INFRINGEMENT. TO THE FULLEST EXTENT PERMITTED BY LAW SONY ERICSSON ALSO DISCLAIMS ALL WARRANTIES WITH REGARD TO WHETHER THE CONTENT WILL MEET YOUR INDIVIDUAL REQUIREMENTS, WORK IN COMBINATION WITH ANY HARDWARE OR SOFTWARE OR OPERATE

ON AN UNINTERRUPTED OR ERROR FREE BASIS. IN NO EVENT WILL SONY ERICSSON'S LIABILITY FOR ANY CLAIM RELATING TO THE CONTENT OR ITS USE, WHETHER IN CONTRACT, TORT, OR OTHERWISE, EXCEED THE AMOUNTS PAID BY YOU FOR SUCH CONTENT. IN NO EVENT WILL SONY ERICSSON BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR STATUTORILY MULTIPLE DAMAGES OF ANY KIND ARISING OUT OF YOUR PURCHASE. ATTEMPTED USE OR USE OF THE CONTENT. THE ABOVE LIMITATIONS ONLY APPLY TO THE GREATEST EXTENT PERMITTED BY LAW. NOTHING IN THESE TERMS AND CONDITIONS LIMIT YOUR STATUTORY RIGHTS AS A CONSUMER. PLEASE NOTE THAT YOUR PERSONAL SETTINGS AND/ OR DOWNLOADS MAY BE LOST WHEN YOUR SONY ERICSSON PRODUCT IS REPAIRED OR REPLACED.

Support - Orange

Sony Ericsson and its agents or representatives hereby reserve the right to refer the consumer to Orange if the reason for the error is exclusively due to non-availability or non-functionality of Orange's services. If it is impossible for Sony Ericsson support organization to remedy an error within a reasonable time, Sony Ericsson will in compliance with statutory law refund your payment for the Content.

In such event Sony Ericsson will inform you on how such a refund is performed and you hereby accept and agree to provide Sony Ericsson or its service partners with all information necessary, including personal information, to make such a refund possible. Sony Ericsson reserves the right to charge you a reasonable handling fee where the error may be attributed to you and/or your non compliance with all instructions applicable to Downloads, including without limitation what is stated herein and in the phone display.

Access to Downloads and Limitation

Sony Ericsson may change, modify or withdraw access to Downloads at any time, including its services, without prior notice, and without any liability whatsoever. Sony Ericsson is not liable for the temporary non-availability of Downloads, or for any delay or damage during the transmission. To the fullest extent permitted by law, no warranty of any kind is made in relation to the condition, suitability, availability, accuracy, reliability, merchantability and/or non-infringement of Downloads or Content provided through the service, the user's own equipment, any public communication and/or operator networks or that provision of the services will be uninterrupted or error-free.

Downloads may not be available when you are using another network than your local network - a message will appear to inform you about this when selecting the Downloads icon.

Export

The Content may be subject to applicable export control laws. You agree to obey all such laws and regulations with respect to your possession and use of the Content.

Dispute Resolution

Any controversy arising out of this agreement, Sony Ericsson's provision of the Content or your use or attempted use of such Content shall be fully and finally resolved by the courts of your home country. The laws of Sweden shall, to the extent possible, apply.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Any change or modification not expressly approved by Sony Ericsson may void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Industry Canada Statement

This device complies with RSS-210 of Industry Canada.

Operation is subject to the following two conditions:

(1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
