

An oscilloscope with a large screen and various control knobs and buttons, positioned on a shelf above the desk.

A smaller electronic device, likely a signal generator, with a digital display and several buttons, positioned on a shelf next to the oscilloscope.

A white computer keyboard positioned on a shelf below the oscilloscope.

A blue oscilloscope with a screen and control knobs, positioned on the desk. It is connected to a signal generator and a custom-built device.

A laptop computer with a screen displaying a software interface, positioned on the right side of the desk.

A custom-built device with a black cylindrical component, a green cable, and a white connector, positioned on the desk. It is connected to the oscilloscope and the signal generator.
