## Statement on GPS hardware

Sony mobile phone ST27a (FCC ID: PY7PM-0100, IC: 4170B-PM0100) uses the exact same GPS hardware as ST27i (FCC ID: PY7PM-0090).

Hardware design identical for both phones and the only differences are main antenna matching parts on PCB, main antenna FPC pattern on back cover, and SW related. GPS antenna is independent from main antenna.

Based on this, FCC part 15.107/109 and RSS – 210 Issue 4 report (report no. 2012TAR250, dated 2012-05-07) issued for ST27i also applies for ST27a
