Confidentiality request letter - PY7PM-0520

Subject: Certification Application

FCC ID: PY7TM-0520

It is requested that the following information is to be held confidential on behalf of Sony Mobile Communications AB pursuant to FCC Rules Parts 0.457 and 0.459:

- Block Diagrams
- Schematics
- Parts List
- Tune Up Information
- Operation Description

These items contain detailed system and equipment description and related information about the product which Sony Mobile Communications AB considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Sony Mobile Communications AB also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Please contact the undersigned if there are any further questions or additional information needed in this matter.

Yours sincerely

Mats Hansson
