## Class II Permissive Change Request for addition of Carrier Aggregation bands

**FCCID: PY7TM-0042**

TO WHOM IT MAY CONCERN

Sony Mobile Communications hereby applies for a Class II permissive change in order to add additional carrier aggregation bands (downlink only) to our already certified product with the FCC ID PY7TM-0042.

The HW remains identical to the initial approval and the additional CA bands are supported via firmware update. We declare that this new firmware have no other impact on the RF behaviour of the device.

Attached to this submission are the following items:

- Technical Description
- Revised SAR Test Report
