### **Applicant's declaration concerning RF Radiation Exposure**

We hereby indicate that the product

Nokia BH-102 Bluetooth Headset

is considered to be a portable transmitter for General Population/Uncontrolled exposure.

This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement will be integrated in the user's manual to provide end-users with transmitter operating instructions for satisfying RF exposure compliance.

As Nokia BH-102 is a Bluetooth Class 2 device (1 mW (max. 2.5 mW)) it is excluded from routine environmental evaluation for RF exposure as it does not fall under the product categories listed in Section 2.1093 of the FCC's Rules.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "Steven Wong".
