### Overview

Logitech is requesting, on behalf of Nokia Corporation, an original certification for our unlicensed Nokia Stereo Headset (Logitech MN: F-0439A, Nokia MN: HS-34W). The Stereo Headset will operate under FCC Part 15.247 and consists of a head mounted, over the ear type transceiver. The FCC ID for the Stereo Headset is PYAHS-34W.

The head mounted transceiver is a low power, battery powered, cordless transceiver which is designed to be worn over the ear of the user to enable a two-way transmission with a Bluetooth compatible cellular telephone.

### Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
