RE: FCC ID: PYAMD-5W\_ATCB004492

Attention: [Vincent Su](#)

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note the latest FCC interpretation for label requirements states that any device larger than hand held must have the 2-condition statement of 15.19 on the device. Please note that the device appears to be sufficient in size for the 2-codition label as required in 15.19. Please provide a revised label with the 2-condition statement or alternately please show how this device meets the following interpretation on labeling from the FCC: "If the labelling area for the device is so small, or it is not practical to place the required statement on the device, then the statement can be placed in the user manual or product packaging - Section 15.19(a)(5). Generally, devices smaller than the palm of the hand are considered small. However, the device must still be labelled with the unique identifier (Verification) or the FCC ID (Certification)."

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
