RE: Request for placement into supercede of SAR report for FCC ID: PYARM-529

Please supercede the original SAR report uploaded on 7/15/09 – entitled “Exhibit 11_Tes_Report_SAR_0922_20.pdf” It needs to be replaced with one that I will upload when told to do so.

The reason for this request is that the original SAR report did not include a statement about the additional MPR reduction. The FCC requested this to be added.
