Subject: Request to activate Confidentiality after initial certification

At initial certification of our FCC certification filing with FCC ID: **PYAWS-2** that was granted on **07/24/2013**, however we request to add Short Term Confidentiality on the exhibits for Internal Photos, External Photos, User Manual and Test Setup Photos. We are aware that since the initial grant date, these documents were accessible for the general public. Nevertheless, we want to correct this as soon as possible. Therefore, we ask you to mark these documents as confidential. The exhibits currently tagged as long term confidential should not be affected and remain that way.
