Re: Supersede request for FCC ID: **PZWBHTM80QWG**; Granted on **01/28/2021**

To Whom It May Concern:

We regret to inform you that an incorrect version of the test report (Test Report (NII)_rev2) was submitted to the filing. For the purposes of complying with SAR in the RF exposure report, NII-3 power was reduced and the lower power was not updated within the RF test report.

To prevent misunderstanding to the public, we would like to request the FCC to supersede the exhibit described with Test Report (NII)_rev3.

If you have any questions, feel free to contact us. Thank you.

Regards,
