1435 Oakland Mills Road
Columbia, MD 21046

2019. 04. 29.

SUBJECT: FCC Application for FCC ID: Q32-EMV100

To Whom It May Concern:

The left and right ear of the above FCC ID's TWS Hearing Device work independently without a cable connection. But the PCB is slightly different between the left ear and right ear due to the function and use of the product but that both left ear and right ear are electrically identical in circuitry and RF parameters.

Sincerely,

A handwritten signature in black ink, appearing to be 'Dayeon Kang', written in a cursive style.

Dayeon Kang / Project Manager
