**Statement - Configuration of AeroScout Location Receiver FCC ID: Q3H BS2020-0**

To whom it may concern:

The "AeroScout System Manager" which one of its tasks is to configure the AeroScout Location Receiver (FCC ID: Q#H BS2020-0) channels, will be delivered to customers in 3 versions:

- a) For US based customers – The configuration tool will allow programming of channels from 1 to 11 (2412 - 2462 MHz) only.
- b) For Europe based customers - The configuration tool will allow programming of channels from 1 to 13 only.
- c) For Japan based customers - The configuration tool will allow programming of channel14 only.

The configuration tool will prevent the system operator to operate the system in other channels beside the ones approved to its local regulations as stated above.

Sincerely,

Reuven Amsalem  
Project Manager  
Bluesoft, Ltd
