Columbia, MD 21046

Subject: Request for Long-term Confidentiality
FCC ID: Q3K-5XACULC

To Whom It May Concern,

Pursuant to the provisions of Sections 0.457 and 0.459 of Commission's rules (47CFR0.457, 0.459), we are requesting the Commission to withhold the following attachment(s) as confidential document from public disclosure indefinitely.

- Internal photos

Above mentioned document contains detailed system and equipment description considered as proprietary information in operation of the equipment. The public disclosure of above documents might be harmful to our company and would give competitor an unfair advantage in the market.

The product's circuit board and internal components are not accessible to users because they are enclosed inside a hermetically sealed by ultrasonic sealing technology enclosure. Furthermore, the product is an outdoor radio enclosure mounted on top of large towers and mounting poles and serviceable only by the licensee or his designated technicians.

It is our understanding that all measurement test reports, FCC ID label format and correspondent during certification review process cannot be granted as confidential documents and those information will be available for public review once the grant of equipment authorization is issued.

Sincerely,

Signature:
