

# Motion Computing®

## Declaration of Identity

The Rating label on the product:

We, **Motion Computing, Inc.**, hereby declare that all Safety, EMC, and RF characteristics /reports of the products marked with the rating label shown above along with all their relevant documents i.e. user manual, technical and business documentation that identify Motion Computing Tablet PCs MC-C5 (Model CFT-001) and MC-F5 (CFT-002) are identical products excluding the color of the top cover. All Radios (RFID, Bluetooth, WLAN, and WWAN) and their relative antennas too are identical and have not changed in any way between the two models. Therefore we request that the regulating body consider these two Tablet PC models to be one in the same excluding the physical appearance differences.

Signature of Main Certificate Holder

Place and Date

A handwritten signature in black ink, appearing to read "Don Bobo", written over a horizontal dashed line.

USA 2/18/2009
